Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: At the District level, the Santa Rosa School District establishes a district level Title I Parent Advisory Committee (PAC). Each Title I school will identify at least two parents to serve on the District Title I Parent Advisory Council (PAC). The Parent Advisory Council includes representatives from the Migrant, ESOL, Homeless, and PreK Programs. Responsibilities of the District Title I Parent Advisory Council include: 1. Members provide input related to strategies and initiatives of the LEA Parent Involvement Plan, school level Parent Involvement Plans, and Title I Part A Grant Application; 2.

Members serve as liaisons between individual schools and the District Title I Director; 3. Members serve as liaisons between District Parent Advisory Council and school parent organizations, including SAC and PTO.

*The Director of Federal Programs (in collaboration with the Office of Continuous Improvement, Title II and all Federal programs in the District) will schedule a minimum of 3 PAC meetings during the school year. During the meeting, the parents will review the parent involvement policy, and parents will provide input regarding the expansion or revision of the district wide parental involvement plan, including the following:

- 1. The overall nature of the Title I program
- 2. Their rights as parents and the obligations of the school district set forth in Title I, including the district policy concerning parent involvement
- 3. Procedures for disseminating written information about the Title I program (as prescribed by Federal Statue and State regulations)
- 4. Review of written copies of information about the program, including the Federal Statue and regulations, any applicable state or local laws or regulations, and current and prior program applications and evaluations as available.
- 5. Review of written communications and policies to ensure information is in a format and language parents can understand.
- 6. Review of evaluation results with recommendations for changes to the LEA Parent Involvement Plan
- 7. Use of funds
- *All schools receive training and information on ways to include parents in the school improvement process and the life of the school through their assigned Academic Intervention Specialist, Math and Reading Coach, and the Office of Continuous Improvement;
- *Parents are invited and encouraged to become active members of the School Advisory Council (SAC) and provide input on the development of all plans related to school improvement. An annual climate survey will be distributed to parents, staff, and students and the results analyzed to evaluate school needs. Data collected throughout the year will be shared with each SAC and each school data team.

Santa Rosa School District involved parents in the review and development of the District's LEA Plan through the following actions:

The Title I Annual Parent/Guardian Involvement Survey was conducted in May. Representatives from all Title I schools participated. Upon completion of the survey, the results were analyzed and discussed by the Santa Rosa School District Title I Parent Advisory Council (Parent Signatures and Meeting Minutes have been included). The Council recommended actions for any item for which 80% of the parents did not Agree or Strongly Agree. The recommendations regarding these items included

Question #13: I receive positive phone calls or notes about my child from the school.

Results: 46% strongly agreed, 38% agreed.

Question #22: I receive information about the quality of my child's teacher

Results: 38% strongly agreed and 23% agreed.

Question #24: Information in the Santa Rosa District Schools' Family Guide helps me understand my child's work.

Results: 31% strongly agreed and 31% agreed.

The Federal Programs Director provided a copy of all recommendations to the Title I Schools for consideration in their 2013-2014 Parent Involvement Plans.

The Parent Advisory Council recommended that the Parent Involvement set-aside be allocated to schools based on a Per Pupil Allocation so that schools with a higher number of students from low-income families received more funding for Parent Involvement.

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The Santa Rosa County School District will provide the following necessary coordination, technical assistance, and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance:

The Office of Continuous Improvement and the Office of Federal Programs provide technical assistance meetings to principals of all Title I schools to review student achievement data and assist in the development, implementation, and review of all required plans.

On July 17, 2014, the Director of Federal Programs met with each school's principal, bookkeeper, and Parent Involvement Coordinator. The Academic Intervention Specialist assigned to each school, will serve as the Parent Involvement Coordinator. This training will cover the following topics: Analyzing Climate Survey Results, Analyzing FCAT and Student Achievement Data, Required Title I Parent Communication, Required components of School PIP, Completing on-line PIP, Timeline for Completion of Plan, Requirement of Parent Involvement and input in the development of the School PIP, Review Document for PIP, and Compliance Checklist for Title I Parent Involvement.

After the implementation of the training, the Director will review each school's plan and provide feedback.

Academic Intervention Specialists at each school site provide opportunities for school staff to enhance their abilities to integrate parental involvement into in-service training for school-based personnel. Training to all teachers at Title I schools will address: The Importance of Parent Involvement, Building Ties Between Home and School, Implementation and Coordination of the Parent Involvement Plan, Communicating and Working with Parent.

The Director of Federal Programs reviews each school-level Parent Involvement Plan to ensure compliance and the activities planned will provide meaningful opportunities for parents to become more involved in their child's education.

Schools invite parents of students at Title I schools to participate in state mandated school improvement advisory committees. As members of this committee, parents will participate in the review of data-driven decisions designed to promote school improvement.

Parents participating on the District-wide PAC will review and provide input into the development and continuous improvement of the district wide parent involvement plan.

Parents, district staff, and school personnel will jointly agree on methods for the district and school officials to consult with parents on all aspects of Title I planning, design and implementation, including all phases of:

- o needs assessment
- o determination of program goals and objectives
- o determination of educational strategies
- o implementation of projects
- o development of program applications
- o program evaluations

Coordination and Integration

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The Title I Director, in collaboration with the Director for Continuous Improvement, will gather and disseminate data related to the implementation of parent programs through the use of an annual school climate survey. The Parent Satisfaction Survey, developed in collaboration with Studer Education, will be distributed in October and April of each year. In early May, the Title I Parent Advisory Council will review the results of the survey and identify common areas of concern and barriers for greater participation by parents. The information will be used to revise the Parent Involvement Plan and parental involvement activities.

In addition to the annual survey, Title I school sites will document process outcomes, including a description of each parental involvement activity, the number of parents participating, description of barriers to participation, and parent evaluation of activities.

The School District will meet a minimum of 3 times with the NCLB Parent Advisory Council (PAC) as needed for input into the development, implementation, and evaluation of the existing Parent Involvement Plan. As issues arise, the PAC will work with the Title I Director to resolve and improve the program. In May of each year, the PAC will begin the review of the existing Parent Involvement Plan, analyze participate data, and revise the Parent Involvement Plan as needed.

Building Capacity

If the LEA plans to implement LEA-wide activities, describe the actions the LEA will take to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement [Sections 1118(a)(2)(C), 1118(e)(1-14)].

Communication and Accessibility

Describe how the LEA will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include how the LEA plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: Parent's native language and specific languages provided: The English Language Survey results are used to determine the number and specific needs for translations into a language other than English. The District Parent Involvement Plan is summarized in a brochure printed in English, Spanish, and Vietnamese and provided to

all parents in the "Beginning of School Packet."

- · Parent's native language: The Title I office produces an annual notification of rights newsletter translated into English, Spanish, and Vietnamese for dissemination in November of each year.
- · Parents with migratory children: Each school maintains a Title I Parent Involvement web site with links to relevant parenting materials in other languages.
- · Parents with disabilities: The district uses an Internet-based parent notification system to consistently enhance and monitor communications with all parents. Schools have the ability to record a voice message in Spanish and transmit that message to only Spanish-speaking homes.
- · Translators are available at all parent meetings as the need arises. If other language translations are needed, schools send the material to the Title I office where a local company will be contracted to provide the translations.
- · Parents with disabilities: All parent events are hosted in facilities that have approved handicapped accessible facilities. The District has the ability to translate materials into large print, Braille or American Sign Language services, if applicable.
- · The Title II office maintains a library of materials that have been translated.
- The Parent Advisory Council includes representatives from the Migrant, ESOL, Homeless, PreK, and Homeless Programs. Suggestions from the Parent Advisory Council for improvements are annually disseminated to all Title I schools.

Discretionary Activities

The LEA parental involvement policy may include additional discretionary activities that the LEA, in consultation with the parents, chooses to undertake to build parents' capacity for involvement in the school and school system to support their children's academic achievement [Section 1118(e)]. Check here if the LEA does not plan to implement the discretionary parental involvement activities. Check all activities the LEA plans to implement:
