Highly Qualified Instructional Coaches

List your school's highly qualified instructional coaches and briefly describe their certification(s), number of years at the current school, number of years as an instructional coach, and their prior performance record with increasing student achievement at each school. Include history of school grades, FCAT/Statewide Assessment performance (Percentage data for Achievement Levels, Learning Gains, Lowest 25%), and AMO progress. Instructional coaches described in this section are only those who are fully released or part-time teachers in reading, mathematics, or science and work only at the school site.

Highly Qualified Teachers

Describe the school-based strategies that will be used to recruit and retain high quality, highly qualified teachers to the school.

Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1. Creating strong administrative support to increase collaboration and alleviate conflict between teachers' needs and administrator's expectations	Catherine Lennard	On-going	
2. Attend Teacher Interview Day to publicize and recruit teachers	Catherine Lennard	June 2013	
3. Eliminating self-contained special education classes and integrating special education students in all other classes, then using special education teachers as Resource Teachers to support content area certified teachers	Catherine Lennard	On-going	

4.	Departmentalizing instruction: For example, using one teacher for math and science and another teacher for Lang. Arts and social studies, with each teacher endorsed in at least one of the two subject areas	Catherine Lennard	On-going	
5.	Partner new teachers with veteran staff	Catherine Lennard	On-going	
6.	Regular Time for Teacher Collaboration	Catherine Lennard	On-going	

Non-Highly Qualified Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field (not ESOL certified) and not highly qualified.

Number of staff and paraprofessional that are teaching out-of-field/ and who are not highly qualified.	Provide the strategies that are being implemented to support the staff in becoming highly effective
1	Depending on the needs of the teacher, one or more of the following strategies are implemented. **Administrators** Meet with the teachers at least four times per year to discuss progress on: ● Preparing and taking the certification exam ● Completing classes need for certification ● Provide substitute coverage for the teachers to observe other teachers ● Discussion of what teachers learned during the observation(s) **Reading Coach** The coach co-plans, models, co-teaches, observes and conferences with the teacher on a regular basis

Staff Demographics

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Please complete the following demographic information about the instructional staff in the school.

*When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

School-Based MTSS/RtI Team

Identify the school-based MTSS Leadership Team.

• Principal

• Assistant Principal

• Guidance Counselor

• School Psychologist

• Social Worker

• Reading Coach

• ESE teacher

• SAC Chair

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The school RTI Team focuses on developing and maintaining a problem-solving system to ensure optimal student achievement for all students.

The team meets biweekly. Examples of activities during biweekly meetings include reviewing student data (screening, progress monitoring). The review of data will facilitate identification of students who are meeting/exceeding benchmarks, or who are at moderate or high risk for not achieving benchmarks. Based on evaluation of data and identification of student needs the team will identify professional development and resources needed.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?
All members of the RtI Team met with our School Advisory Council committee to help develop this School Improvement Plan. The Team provided the SAC with data from the 2011-2012 school year. Once the data was explained, the Team helped facilitate a discussion on how to write measurable student-friendly objectives, how to increase academic rigor, how to increase student engagement, and how to differentiate instruction for struggling students.

MTSS Implementation
Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.
Baseline data are obtained through the FAIR assessment and previous test information. The data is made available through the use of the Progress Monitoring and Reporting Network. Progress Monitoring is obtained through the administration of FAIR, Curriculum Based Measurements, Writes Upon Request, and other FCAT simulation assessments. Midyear data is obtained through FAIR assessments, Writes Upon Request, and other FCAT simulation assessments. End of year data is obtained through FAIR, FCAT, and SAT.
Describe the plan to train staff on MTSS.
Describe plan to support MTSS.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Identify the school-based Literacy Leadership Team (LLT).
Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).
What will be the major initiatives of the LLT this year?

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

*Grades 6-12 Only Sec. 1003.413 (b) F.S

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

*High Schools Only

Note: Required for High School-Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

Postsecondary Transition

Note: Required for High School- Sec. 1008.37(4), F.S.
Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report.

| 1. **FCAT 2.0:** Students scoring proficient in reading (Level 3-5). | 1.1.

-Teachers knowledge base of this strategy needs professional development. Training for this strategy is being rolled out in 12-13.

-Training all content area teachers | 1.1.

Common Core Reading Strategy Across all Content Areas

Reading comprehension improves when students are engaged in grappling with complex text. Teachers need to understand how to select/identify complex text, shift the amount of informational text used in the content curricula, and share complex texts with all students. All content area teachers are responsible for implementation.

Action Steps

Action steps for this strategy are outlined on grade level/content area PLC action plans. | 1.1.

		1.2. -Teachers' knowledge base of this strategy needs professional development. Training for this strategy is being rolled out in 12-13. -Training all content area teachers	1.2. Common Core Reading Strategy Across all Content Areas Common Core Questions of all types and levels are necessary to scaffold students' understanding of complex text. Teachers need to understand and use higher-order, text-dependent questions at the word/ phrase, sentence, and paragraph/passage levels (Webb's, Bloom, Costas). Student reading comprehension improves when students are required to provide evidence to support their answers to text-dependent questions. Scaffolding of students' grappling with complex text through well-crafted text-dependent question assists students in discovering and achieving deeper understanding of the author's meaning. All content area teachers are responsible for implementation. Action Steps Action steps for this strategy are outlined on grade level/content area PLC action plans.	1.2. 	PLCs struggle with how to structure curriculum conversations and data analysis to deepen their leaning. To address this barrier, this year PLCs are being trained to use the Plan-Do-Check-Act 'Instructional Unit" log	<u>Strategy</u> Student achievement improves through teachers working collaboratively to focus on student learning. Specifically, they use the Plan-Do-Check-Act model and log to structure their way of work. Using the backwards design model for units of instruction, teachers focus on the following four questions: 1.What is it we expect them to learn? 2.How will we if they have learned it? 3.How will we respond if they don't learn? 4.How will we respond if they already know it? <u>Actions/Details</u> -Grade level/like-course PLCs use a Plan-Do-Check-Act "Unit of Instruction" log to guide their discussion and way of work. Teachers and staff will continue to use "Higher Order Thinking" skills learned in last year's workshop. 3. As a Professional Development activity in their PLCs, teachers spend time sharing, researching, teaching, and modeling researched-based best-practice strategies. 4. PLC teachers instruct students using the core curriculum, incorporating DI and HOT strategies from their PLC discussions.	seen during administration walk-throughs. -Monitoring data will be reviewed every nine weeks.	Team/Reading Leadership Team will review assessment data for positive trends at a minimum of once per nine weeks.			

		5. At the end of the unit, teachers give a common assessment identified from the core curriculum material. 6. Teachers bring assessment data back to the PLCs and discuss strategies that were effective. 7. Teachers provide Differentiated Instruction to targeted students (remediation and enrichment). 8. PLCs record their work in PLC notes.

1. **Students scoring at Achievement Level 3.0 or higher in writing.**	1.1. Teachers and students lack ongoing monitoring of progress in writing (skills)	1.1. Strategy The purpose of this strategy is to strengthen the core curriculum. Students' writing skills will improve through teachers using the **Core Continuous Improvement Model** (C-CIM) with core curriculum. School will implement embedded writing assessments in the core curriculum and **monthly/ongoing formative writing assessments** to monitor student progress/ improvement. Action Plans 1.. Based on baseline data, PLCs write	1.1. Who Principal AP Writing Teachers How - PLC logs turned into administration. Administration provides feedback. - Classroom walk-throughs observing evidence of student portfolios, embedded assessments, daily learning activity tied to instruction, use of formative assessments, and student engagement in reflection. - Evidence of strategy in teachers' lesson plans seen during administration walk-throughs. -HCPS Informal Observation Pop- In Form (EET tool).	1.1. PLCs - Review of monthly formative writing assessments to determine number and percent of students scoring above proficiency as determined by the assignment rubric. PLCs will chart the increase in the number of students reaching 4.0 or above on the monthly writing prompt. PLC facilitator will share data with the Problem Solving Leadership Team. As a Professional Development activity PLCs participate in discussions that share PLC data, trends, and best-practice instructional strategies. These discussions are held in both horizontal (across course) and vertical (across grade levels) groups. 3. Teachers and students will maintain writing portfolios to demonstrate student engagement in all stages of the writing process. 4. Students will complete scaffolded				

		activities prior to required Embedded Assessments and teachers will share reflections of student growth or need in order to inform instruction. 5. Teachers and students will engage in metacognitive reflection of embedded assessments to celebrate attainment of writing skills and goals and to identify continuing needs and adjust instruction. 6. As a Professional Development activity, PLCs meet and discuss data in order to implement effective teaching strategies and lesson plans targeted to meet the needs of students.					

		7. PLCs review nine week data, set a new goal for the following nine weeks. 8. PLCs record their work in the PLC logs.

- ● *Once the state has provided information, directions for how to upload the checklist will be posted on the School Improvement Icon.*

School Advisory Council (SAC)

SAC Membership Compliance
The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting "Yes" or "No" below.

Yes   No

If No, describe the measures being taken to comply with SAC requirements.

Describe the use of SAC funds.
