INSTRUCTIONAL COACHES

List your school's instructional coaches and briefly describe their certification(s), number of years at the current school, number of years as an instructional coach, and their prior performance record with increasing student achievement at each school. Include history of school grades, FCAT/Statewide assessment performance (Percentage data for achievement levels, learning gains, Lowest 25%), and AMO progress. Instructional coaches described in this section are only those who are fully released or part-time teachers in reading, mathematics, or science and work only at the school site.

EFFECTIVE AND HIGHLY EFFECTIVE TEACHERS

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

	Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1	NESS	NESS Coordinator	Ongoing as needed	
2	Collaborative environment (only 10 full-time teachers; shared planning time)	Principal, teachers	Ongoing (Instructional planning)	
3	Quality of students due to limited admission	Administration	Annually	

Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of staff and paraprofessional that are teaching out-of-field/ and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective

Multi-Tiered System of Supports (MTSS)/Response to Instruction/Intervention (Rti)

School-based MTSS/Rti Team

Identify the school-based MTSS leadership team.

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RTI Problem-solving process is used in developing and implementing the SIP?

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Describe the plan to train staff on MTSS.

Describe the plan to support MTSS.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

One member from each department (English, Math, Social Studies) to be selected in September for LLT.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

LLT to meet from 1:00 to 2:00 on early release days and report to department PLCs from 2:00 to 3:00 on that day.

What will be the major initiatives of the LLT this year?

LLT activities will focus on reading informational text in the three content areas and develop strategies for improving SAT/ACT Reading scores. Individual departments will refine or replace the strategies developed last year through PLC activities.

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

N/A

*Grades 6-12 Only

Sec. 1003.413(b) F.S.

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

Our LLT has a representative from each department; this person will lead PLCs to develop appropriate strategies within each department for improving reading.

*High Schools Only

Note: Required for High School - Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

- Students take college courses with Broward College professors; these may include applied/integrated courses
- We have added a Professional/Technical Writing course to accommodate students' needs (business and engineering majors)
- We now offer college level Economics for students majoring in business
- Our Brace advisor is actively involved with students and regularly discusses with them the importance of today's coursework to their future academic and career paths

*In National Government our students learn about the political process by running mock presidential campaigns which enables students to make more informed decisions when voting

*In economics our students form investment clubs and compete for profits, helping students understand the stock market

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

- .Students declare a major and are given advisement as to course requirements and professional prerequisites; this includes advisement sessions and degree audits with a Broward College advisor each semester.
- Brace advisor regularly conferences with students regarding career and college choices.

Postsecondary Transition

Note: Required for High School - Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#)

- Students declare a major as juniors
- Most College Academy courses are dual-enrollment
- Students also take college courses with Broward College professors and alongside Broward College students
- Students schedule/register for classes with a Broward College advisor who helps them select courses appropriate for their major and to meet prerequisites
- Brace advisor conferences with juniors to discuss possible college majors and appropriate colleges based on students' abilities and interests.
- *Guidance director regularly conferences with each student to review high school requirements, declared college major, and career requirements.

Data for 2012 graduates:

- 100% received high school diploma
- 100% received A.A. degree
- 99% were eligible for Florida Bright Futures
- 100% graduated with a Gold Cord (3.75GPA or higher)
- * 99% matriculated to universities and colleges

PART II: EXPECTED IMPROVEMENTS

Reading Goals

* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following group:

1a. FCAT2.0: Students scoring at Achievement Level 3 in reading. Reading Goal #1a:	By June of 2013, the average SAT Critical Reading score for seniors (class of 2013) will be 585. (All College Academy students must score at level 3 or higher on FCAT to attend; all have achieved proficiency. For our purposes, the PSAT/SAT is a more relevant assessment tool.)
---	--

2012 Current Level of Performance:

2013 Expected Level of Performance:

Average SAT Critical Reading score for the class of 2013 (on their 11th grade PSAT) was 57.9 (579 SAT equivalent).

Average SAT Critical Reading score for seniors (class of 2013) on the SAT will be 585.

Problem-Solving Process to Increase Student Achievement

	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool
1	Students have greatest difficulty in reading passages of informational text (based on PSAT skills breakdown)	Students will receive specific instruction from Social Studies instructors on reading informational text.	Social Studies LLT team leader	Social Studies teachers will monitor student progress using in-class test results or informal assessments.	Teacher-designed assessments; SAT Critical Reading scores
2	Students often lack understanding of vocabulary/terminology specific to a particular context or subject area	Students will be given specific instruction on a list of key terms for each course taken in Social Studies and Mathematics	LLT team leader for Social Studies and Mathematics	Social Studies and Mathematics instructors will compose a list of essential terms for the courses they teach. Instruction and assessment will occur throughout the semester.	Teacher-designed assessments; SAT Critical Reading scores
3	Students need to develop and improve strategies for deducing the meanings of unfamiliar words encountered in informational text	Students will receive intensive vocabulary instruction in their first semester English class (ENC1101), with a focus on roots, prefixes, suffixes, and context clues.	LLT team leader for English	Students will be tested on vocabulary throughout the semester	SAT Critical Reading scores
4	Students need instruction in test-taking strategies specific to SAT/ACT Critical Reading	Students will be offered group tutorial sessions on strategies for improving skills in SAT/ACT Reading	Brace Advisor	Students will be surveyed to assess the success of the tutorial sessions	SAT Critical Reading scores

3. Florida Alternate Assessment: Percent of students making learning gains in mathematics. Mathematics Goal #3:		Because our students have already taken Geometry and Algebra before arriving at the College Academy, we don't have end of course exams. To attend, they must be proficient in Math (FCAT score of 3 or above) and must also be eligible for college level mathematics as determined by the SAT, ACT, or PERT. For the SIP, we will measure improvement using PSAT and SAT math scores.

2012 Current Level of Performance:	2013 Expected Level of Performance:
The average math score on PSAT Math (taken by the class of 2013 as juniors) was 58.9 (589 predicted SAT score).	By June of 2013, the average SAT Math score for the class of 2013 will be 599.

SAT Math Scores
2	Students may have individual areas of weakness in Math; our students come from around the county and from public, private, and home schools and may need remediation in specific areas.	In addition to the professional tutorial services that will be offered, these students will be advised to seek individual tutoring in the Broward College Math Lab or from NHS Tutors.	Guidance	Students who receive Math Lab tutoring or NHS tutoring will be surveyed.	SAT Math scores.

* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following group:

1a. FCAT 2.0: Students scoring at Achievement Level 3.0 and higher in writing. Writing Goal #1a:	College Academy students must have passed FCAT Writing to attend. We have therefore defined proficiency as writing at grade level, as determined by Writer's Workbench Readability scores of grade 11 or higher (Flesch scale). Our goal: By May of 2013, 90% of juniors (class of 2014) will be writing at or above grade level.
2012 Current Level of Performance:	2013 Expected Level of Performance:

24% (40) of entering juniors (class of 2014) scored at grade 11 or above on the Flesch readability scale.

By May of 2013, 90% of juniors (class of 2014; 156 students) will write at or above grade level.

* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of school data, identify and define areas in need of improvement:					
1. STEM STEM Goal # 1:		Because our students take their science courses only with Broward College faculty, we have no science faculty of our own. Our plan involves using Guidance to encourage students to take not only the minimum requirements for the A.A. degree, but extra science courses and more advanced science courses. We would also like to encourage students to join campus Science, Technology, and Engineering Clubs and participate in STEM-related college events. Our goal for this year will be to establish a baseline score (from the class of 2013) so that we can have as a goal a 3% improvement next year.
