### Multi-Tiered System of Supports (MTSS)/Response to Instruction/Intervention (RtI)

#### School-based MTSS/RtI Team

Identify the school-based MTSS leadership team.

Aszloyn Wakefield (Principal), Kathy Tarkington (Assistant Principal), Colleen Walsh (Kindergarten), Sandra Sheffield (Grade 1 Teacher), Kaleigh Deckert (Grade 2 Teacher), Vicky Joseph (Grade 3 Teacher), Robyn Cooper (Grade 4 Teacher), Dana Young (Grade 5 Literacy Teacher), Catherine Dawson (Grade 5 Math/Science Teacher), Marva Miller (ESE), Linda Mizelle (Guidance), Susan Hatcher (Psychologist)

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The RtI Leadership Team engages in four primary activities  
1. Attends all district level RtI training;  
2. Provides in-service and assistance to school faculty and staff related to RtI implementation and practices;  
3. Reviews student performance data to identify school-wide and grade level problems and concerns; and assist in developing strategies  
4. Facilitate and support teachers as their students move through the RtI process (Tier II and Tier II, CPST, etc)  
The RtI Leadership team meets on a regular basis to focus on school based academic and behavioral questions such as:  
1. What do we expect the students to learn?  
2. How do we know they have or have not learned what was expected?  
3. What will we do when they do or do not learn?  
4. What evidence do we have to support our responses to these questions?  
  
The RtI Leadership Team will meet with grade level teams and other school based teams to determine needs of particular students and develop interventions as needed.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

The RtI Leadership Team takes an active role in using the problem solving strategy to analyze data, identify the cause of the problem, and suggest possible interventions and strategies that might be used to address issues of academics and behavior. The SIP includes a formal review process which demonstrates how the school has used RtI to inform instruction and make mid-course adjustments as data is analyzed.

#### MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

The RtI Team will use data from multiple sources. They will use the data from FCAT, FAIR, district assessments, DRA2, as well as from Tier II and Tier II sources (Soar to Success, Envisions RtI, etc), and curriculum based measures to provide information about academic performance.

The Team will also use data from absentee reports, referrals, and suspensions to provide information related to behavior issues.

Progress monitoring will continue through the use of PMRN and Pearson Inform.

Describe the plan to train staff on MTSS.

The RtI Leadership Team will support the staff by providing continuous learning. This learning will be facilitated by using training materials provided by the district. Learning will also occur through the sharing among co-workers, presentations at school-based workshops and internet-based webinars.

Describe the plan to support MTSS.

## Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

Aszloyn Wakefield, Principal  
Sandra Sheffield- Kindergarten Teacher  
Amy Lynch -Grade 1 Teachers  
Venetia Alexander -Grade 2 Teacher  
Darellee Naccarato, Callie Broughton Grade 3 Teachers  
Nina Bliss- Grade 4 Teachers  
Keelia Britt, Grade 5 Teacher

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

The Literacy PLC is a combined team consisting of members of our Reading and Writing PLCs committees. This team will develop strategies to support both the district reading and writing goals as well as our own school reading and writing goals. During the monthly meetings, team members will review reading and writing data (Benchmark, FCAT, and FAIR) and plan strategic activities that will enable, enhance and motivate students to achieve high success in reading and writing and to help teachers provide more meaningful lessons and activities. Realizing the importance of literacy in the home, the team will also develop ways to strengthen the home-school connection and further involve parents as learning partners.

What will be the major initiatives of the LLT this year?

1. Increase the rigor in Reading and Writing instruction by deepening teacher understanding of the standards and expectation as well as the cognitive levels of complexity.
2. Implementing Guided Reading with fidelity
3. Develop practices for effectively teaching spelling and vocabulary.

## \*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

### \*Grades 6-12 Only

Sec. 1003.413(b) F.S.

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

### \*High Schools Only

Note: Required for High School - Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

### Postsecondary Transition

Note: Required for High School - Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#)

## PART II: EXPECTED IMPROVEMENTS

### Reading Goals

\* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following group:

|   |  |
|---|--|
| 1a. FCAT2.0: Students scoring at Achievement Level 3 in reading.<br>Reading Goal #1a: | In 2013, 30% (87) of 287 students will achieve proficiency (FCAT Level 3 in Reading) |

## School Advisory Council

### School Advisory Council (SAC) Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting "Yes" or "No" below.

Yes. Agree with the above statement.
