Florida Comprehensive Assessment Test (FCAT)/Statewide Assessment Trend Data
High School Feedback Report
K-12 Comprehensive Research Based Reading Plan

ADMINISTRATORS

List your school's administrators and briefly describe their certification(s), number of years at the current school, number of years as an administrator, and their prior performance record with increasing student achievement at each school. Include history of school grades, FCAT/Statewide assessment performance (percentage data for achievement levels, learning gains, Lowest 25%), and Ambitious but achievable annual measurable objective (AMO) progress.

Position	Name	Degree(s)/ Certification(s)	# of Years at Current School	# of Years as an Administrator	Prior Performance Record (include prior School Grades, FCAT/Statewide Assessment Achievement Levels, Learning Gains, Lowest 25%), and AMO Progress along with the associated school year)

EFFECTIVE AND HIGHLY EFFECTIVE TEACHERS

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

	Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1	Facilitate regular meetings with new teachers, administrative team members, lead teachers, department chairpersons, and other key staff members.	Administrative Team	On-going	
2	Partnering of new teachers with veteran staff	Administrative Team	On-going	
3	Job fairs and District sponsored recruiting events	Administrative Team	On-going	
4	Soliciting referrals from trusted sources as instructional staff openings occur	Administrative Team	On-going	

Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of staff and paraprofessional that are teaching out-of-field/ and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective
Teaching out-of-field: 86 (55.12%) Not Highly Effective: 68 (43.6%)	Provide one-to-one assistance to teacher in becoming Highly Qualified in Assigned Area.

Staff Demographics

Please complete the following demographic information about the instructional staff in the school.

When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

Total Number of Instructional Staff	% of First-Year Teachers	% of Teachers with 1-5 Years of Experience	% of Teachers with 6-14 Years of Experience	% of Teachers with 15+ Years of Experience	% of Teachers with Advanced Degrees	% Highly Effective Teachers	% Reading Endorsed Teachers	% National Board Certified Teachers	% ESOL Endorsed Teachers
156	11.5%(18)	21.2%(33)	42.9%(67)	24.4%(38)	44.2%(69)	56.4%(88)	14.1%(22)	0.6%(1)	21.2%(33)

Teacher Mentoring Program/Plan

Please describe the school's teacher mentoring program/plan by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee Assigned	Rationale for Pairing	Planned Mentoring Activities
Mary Glueck	Jeffrey Pierce	Mr. Jeffrey Pierce is a First year teacher in need of guidance and mentoring. Ms. Mary Glueck's students have shown improvement in reading and achievement as evidenced by FCAT reading learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
		Ms. Annette Quintero is a	

Brenda Lewis	Annette Quintero	First year teacher in need of guidance and mentoring. Ms. Brenda Lewis' students have shown improvement in reading and achievement as evidenced by FCAT reading learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
Audrey Golaub	Alejandro Chaviano	Mr. Alejandro Chaviano is a First year teacher in need of guidance and mentoring. Ms. Audrey Goulab's students have shown improvement in reading and achievement as evidenced by FCAT reading learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
Afreen Gandhi	Natania Widensky	Ms. Natania Widensky is a First year teacher in need of guidance and mentoring. Ms. Afreen Gandhi's students have shown improvement in reading and achievement as evidenced by FCAT reading learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
Matasha Mondy	Rose Weintraub	Ms. Rose Weintraub is a First year teacher in need of guidance and mentoring. Ms. Matasha Mondy's students have shown improvement in reading and achievement as evidenced by FCAT reading learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.

Andrew Harris	Erica Rivera	Ms. Erica Rivera is a First year teacher in need of guidance and mentoring. Mr. Andrew Harris's students have shown improvement in mathematics as evidenced by FCAT Math learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
Andrew Harris	Hadassa Levenson	Ms. Hadassa Levenson is a First year teacher in need of guidance and mentoring. Mr. Andrew Harris's students have shown improvement in mathematics as evidenced by FCAT Math learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.
Tiya Rush-Lissade	Frank Torres	Mr. Frank Torres is a First year teacher in need of guidance and mentoring. Ms. Tiya Rush-Lissade's students have shown improvement in mathematics as evidenced by FCAT Math learning gains and by scoring at high performance levels.	The mentor and mentee are meeting at least twice per week in common planning to discuss evidence-based strategies for identified reporting categories. The mentor is given release time to observe the mentee. Time is provided supportive of all feedback, coaching and planning sessions.

ADDITIONAL REQUIREMENTS

Coordination and Integration

Please describe how federal, state, and local services and programs will be coordinated and integrated in the school. Include other Title programs, Migrant and Homeless, Supplemental Academic Instruction funds, as well as violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education, and/or job training, as applicable.

Title I, Part A

Title I support services are provided at NMSH to ensure all students requiring additional remediation are assisted through after/during/before-school programs, Saturday Academy, and any other intervention program as needed. NMSHS will coordinate with the District Title I office in ensuring staff development needs are adequately addressed. Support services are provided to all students assigned to NMSHS. NMSHS's Response to Instruction/Intervention (RTI) leadership team will develop, lead, and evaluate school core content standards/programs; identify and analyzed existing literature on scientifically based

curriculum/behavior assessment and intervention approaches. The RTI leadership team will also identify systematic patterns of student need while working with District personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs, provide intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Other components are integrated into NMSHS's school wide program include an extensive Parental Program; Saturday Academy; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent youths through our student services department.

Title I, Part C- Migrant

NMSH will provide services and support to migrant students and parents as needed. Should the need arise, NMSH will enlist the assistance of the District Migrant liaison in order to further coordinate with Title 1 and other programs in order to make sure adequate services are rendered in order to ensure the unique needs of all migrant students are met.

Title I, Part D

NMSHS will provide services and support to students and parents in need of educational alternative outreach services. Should the need arise, NMSHS will enlist the assistance of the District Drop-out Prevention office in order to further coordinate with Title I, Part D and other programs. Every effort will be made to accurately identify all at-risk students, assess at-risk student needs, design and provide individualized services, and evaluate if the unique needs of the at-risk student are met.

Title II

Through the assistance of the District, NMSHS uses supplemental funds for improving basic education as follows: (1)training to certify qualified mentors for the New Teacher (MINT) Program, (2) training for add-on endorsement programs, such as Reading, Gifted, ESOL, (3) training and substitute release time for Professional Development Liaisons (PDL) at each school focusing on Professional Learning Community (PLC) development and facilitation, and (4) individual Lesson Study Group (OLLSG) implementation and protocols.

Title III

Title III funds are used at NMSHS to supplement and enhance the programs for English Language Learners (ELL) and other immigrant students by providing funds to implement and/or provide: (1)tutorial programs, (2)parent outreach activities, (3) professional development on best practices for ELL students and content area teachers, (4) coaching and mentoring for developmental language and content area teachers of ELL students, (5)ELL student participation in the citizenship mentoring/acculturation program provided by the Close Up for New Americans Program, (5) Reading and supplementary instructional materials, and (6) hardware and software for the development of language and literacy skills in mathematics, reading, science, and writing will be used by ELL students.

Title X- Homeless

NMSH will enlist the assistance of the District Homeless Social Worker as needed in order to secure resources (clothing, school supplies, social services referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Supplemental Academic Instruction (SAI)

NMSH receives funding from Supplemental Academic Instruction (SAI) as part of its Florida Education Finance Program (FEFP) allocation.

Violence Prevention Programs

NMSH offers a non-violence and anti-drug program to our students by the Police Athletic League (PAL); this program incorporates field trips, community service, and counseling as needed.

Nutrition Programs

NMSH adheres to and implements the nutrition requirements stated in the District's Wellness Policy. Nutrition education, as per state statute, is taught through physical education at NMSH. The School Food Service program at NMSHS, school breakfast, school lunch, and after care snacks, follows the Healthy Food and Beverage Guidelines as adopted in the District's Wellness Policy.

Housing Programs

NMSH seeks to ensure a successful educational experience for all registered homeless children by collaborating with parents, schools, and the community at large as required by the Homeless Assistance Program. Through the assistance of Project Upstart, Homeless Children & Youth Program NMSHS assists with the appropriate identification, enrollment, attendance, and transportation of homeless students to and from NMSH. The school registrar fully adheres to the District's policy on the enrollment of homeless students. Moreover, school counselors also adhere to the McKinney Vento Homeless Assistance Act by ensuring all registered homeless children are provided with all of the entitlements necessary so they are able to access a free and appropriate education. Lastly, through the assistance of Project Upstart, NMSHS supports a homeless sensitivity and

awareness campaign throughout the school.

Head Start

Not applicable

Adult Education

High School completion courses are available to all eligible students in the evening though the North Miami Senior High School Community School program and based on recommendation. Courses can be taken for credit recovery, promotion, remediation, and/or grade forgiveness purposes.

Career and Technical Education

By promoting career pathways and career and technical education programs of study at NMSHS through our wall-to-wall academy conversion effort, students will become vocational program completers. The intent of career and technical course offering is to help students develop a better understanding and appreciation of all postsecondary opportunities available within and beyond NMSHS. Within the Small Learning Communities ((SLC) context, students will acquire the skills necessary to take advantage of the provided career and technical opportunities beyond the school walls. Articulation agreements supported through our educational offerings will enable our students to earn college and postsecondary technical credits while in high school. Our aim, therefore, is to provide more opportunities for our students to complete two and four-year postsecondary degrees upon graduation from NMSHS. Through our expansive career and technical education, course offerings we aim to have our students gain an understanding of business and industry workforce requirements by acquiring Ready to Work and industry certifications. Additional CTE programs currently in place at NMSH include EKG, Health Science, Multi-media and Dreamweaver. Readiness for postsecondary pursuits strengthens the integration of academic and career technical components and a coherent sequence of courses at NMSHS.

Job Training

Partnerships with community based public and private (for-profit and not-for-profit entities will provide students at NMSHS with job skills based programs allowing students the opportunity to learn how to create a resume, dress for success, and perform well during a job interview. During the 2012-13 academic year, NMSHS will offer the following job skills based programs in order to further develop student employability skills: Cooperative Diversified Education (CDE), Diversified Career Technology for the Handicapped (DCT-H), Career Experience opportunity Program (CEO), Project Victory, Internships for Trainable Mentally Handicapped students at the Vocational Administration Hospital, Easter Seal Organization, National Academy Foundation, and Florida Workforce Development.

Other

Parental
Involve parents in the planning and implementation of the Title I Program and extend an open invitation to our school's parent resource center or parent area in order to inform parents regarding available programs, their right under No Child Left Behind and other referral services.

Increase parental engagement/involvement though developing (with on-going parental input) our school's Title I School-Parent Compact; our school's Title I Parental Involvement Plan; scheduling the Title I Annual Meeting; and other documents/activities necessary in order to comply with dissemination and reporting requirements.

Conduct informal parent surveys to determine specific needs of our parents, and schedule workshops, Parent Academy Courses, etc., with flexible times to accommodate our parent's schedules. This impacts our goal to empower parents and build their capacity for involvement.

Complete Title I Administration Parental Involvement Monthly School Reports (FM-6914 Rev. 06-08) and the Title I Parental Involvement Monthly Activities Report (FM-6913/03-07), and submit to Title I Administration by the 5th of each month as documentation of compliance with NCLB Section 1118. Additionally, the M-DCPS Title I Parent/Family Survey, distributed to schools by Title I Administration, is to be completed by parents/families annually in May. The Survey's results are to be used to assist with revising our Title I parental documents for the approaching school year.

Multi-Tiered System of Supports (MTSS)/Response to Instruction/Intervention (RtI)

School-based MTSS/RtI Team

Identify the school-based MTSS leadership team.

Principal: Provides a common vision for the use of data based decision-making, ensures school-based team is implementing RTI, assesses RTI skills of school staff, ensures implementation of intervention support and documentation ensures adequate professional development to support RTI implementation, and communicates with parents regarding school-based RTI plans and activities.
Vice-Principal: Directs the execution of the Principal's vision for the use of data based decision-making, ensures school-based team is implementing RTI, assesses RTI skills of school staff, ensures implementation of intervention support and

documentation, ensures adequate professional development to support RTI implementation, and communicates with parents regarding school-based RTI plans and activities.

Select General Education Teachers (Primary and Intermediate): Provide information about core instruction, participate in student data collection, deliver Tier 1 instruction/intervention, collaborate with other staff to implement Tier 2 interventions, and integrate Tier 1 materials/.instruction with Tier 2/3 activities.

Select Students with Disabilities (SWD) Teachers: Participate in student data collection, integrate core instructional activities/materials into Tier 3 instruction, and collaborate with general education teachers through such activities as co-teaching.

Special Teachers of English Language Learners (ELL) Teachers: Participate in student data collection, integrate core instructional activities/materials into Tier 3 instruction, and collaborate with general education teachers through such activities as co-teaching.

Instructional Coaches in the Areas of Mathematics, Reading, Science, and Writing: Develop, lead, and evaluate school core content standards/programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identify systematic patterns of student need while working with District personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs, provide early intervening services for students to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring.

Reading Coaches: Provide guidance on the K-12 Comprehensive Reading Plan; facilitate and support data collection activities; assist in data analysis; provide professional development and technical assistance to teachers regarding data based instructional planning; support the implementation of Tier 1, Tier 2, and Tier 3 intervention plans.

• Tier 1: All students are provided Tier 1 services through their Intensive Reading courses, which consist of research-based curricula. All students are screened at Tier 1 to determine if they are responding appropriately to instruction before they experience any significant failure in comparison to their grade level peers.

• Tier 2 (early intervening services): Tier 2 services consist of increasing the time and intensity of students' exposure to core curricula for students who do not appear to be responding appropriately to Tier 1 instruction. For instance, an additional 35 minutes per day will be devoted to small group, data driven with a focus on ameliorating areas of deficiency. Adjustments will be made within Tier 2 to increase time on task(s) and/or decrease student/teacher ratios, accordingly. Regular progress monitoring and charting will be required for all students receiving Tier 2 interventions.

• Tier 3 (intensive intervention services): Tier 3 services include students within our lower quartile in the area of reading, inclusive of ELL and SWD students who have been found eligible for curricular accommodations, modifications, and related services. Tier 3 intensive intervention services will allow exposure to remedial methods and practices that, although research-based and aligned with the content of the core curriculum, are not necessarily parts of our core curricula. The FCIM cycle of progress monitoring and adjustment of interventions will continue, even if determinations for ELL and SWD services are made. In this model, RTI, HLAP, and special education services are independent yet collaborative and share a common mission for our Tier 3 students—to improve outcomes for all children.

School Psychologist: Participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation; facilitates data based decision-making activities.

Technology Specialist: Develops or brokers technology solutions necessary to manage and display data; provides professional development and technical support to teachers and staff regarding data management and display.

Speech Language Pathologist: Educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language skills

Student Services Personnel: Provide quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, school social workers continue to link child serving and community agencies to the schools and families to support the child's academic, emotional, behavioral, and social success.

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

NMSHS's RTI Leadership Team focuses their efforts on the development and maintenance of a problem solving system to bring out the best in every member of NMSHS's learning community. NMSHS's RTI Leadership Team meets bi-monthly to engage in the following activities: (1) review universal screening data and link to instructional decisions, and (2) review progress monitoring data at all grade levels and classrooms to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on their analyses NMSHS's, RTI Leadership Team identifies professional development and resources and deploys them in order to address all areas of need. The RTI Leadership Team also collaborates on a regular basis, problem solves, shares effective practices, evaluates implementation, makes decisions, and practices new processes and skills. The team also facilitates the processes of building consensus, increasing

infrastructure, and making decisions about implementation.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

> The RTI Leadership Team met with NMSHS's Educational Excellence School Advisory Council (EESAC), principal, and vice-principal in order to develop the 2012-13 School Improvement Plan. The team provided data on: Tier 1, 2, and 3 targets; academic and social/emotional areas in need of amelioration; helped set clear expectations for instruction (Rigor, Relevance, Relationship); facilitated the development of a systemic approach to teaching (Gradual Release, Essential Questions, Activating Strategies, Teaching Strategies, Extending, Refining, and Summarizing); and aligned processes and procedures.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

> Baseline data: Progress Monitoring and Reporting Network (PMRN), Florida Comprehensive Assessment Test (FCAT), Baseline Assessments, Comprehensive English Language Assessment (CELLA) results, Florida Oral Reading Fluency Exam (FORF), Florida Assessments for Instruction in Reading (FAIR), Jamestown Navigator NWEA assessment, Measurement Incorporated Writing Data, Reading Plus Placement Test Data, and Achieve 3000/Teen Biz Placement Assessment Report.
>
> Progress Monitoring: PMRN, Interim Assessments, Florida Oral Reading Fluency Exam (FORF), Florida Assessments for Instruction in Reading (FAIR), Jamestown Navigator Program TREK Assessments, Hampton Brown Edge Program Assessments, School wide Writing Prompts, Reading Plus Program Reports, Achieve 3000/Teen Biz Data Reports, and Monthly Benchmark Weekly Assessments.
>
> Midyear: District Interim Assessments, Florida Oral Reading Fluency Exam (FORF), Measurement Incorporated Mid-Year Writing Assessment, and Florida Assessments for Instruction in Reading (FAIR)—AP2.
>
> End of year: Florida Alternative Assessment, Winter Interim Assessments, Comprehensive English Language Assessment (CELLA), FCAT, Florida Assessments for Instruction in Reading (FAIR), and District Writing Post-Test.

Describe the plan to train staff on MTSS.

> Professional development will be provided during teacher planning time and small sessions will also occur throughout the 2012-13 academic year; similar training sessions will occur during planning days, and professional development days. Two PD sessions entitled "RTI: Problem Solving Model: Building Consensus Implementing and Sustaining Problem-Solving/RTI" and "RTI: Challenges to Implementation data-based decision-making, and Supporting and Evaluating Interventions" will take place during the 2012-13 academic year. Also, teachers will have an opportunity to participate in professional development opportunities advertised by the district and partnering postsecondary education institutions.

Describe the plan to support MTSS.

> The MTSS will be supported by the Principal and the Administrative team. Administrators will participate in meetings in order to facilitate the process of analyzing data and evaluation of teacher performance. Instructional Coaches who are proficient in the use of data management systems will support MTSS by providing necessary resources by respective departments.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

> Principal: Michael A. Lewis
> Vice-Principal: April Thompson-Williams
> Assistant Principal: Daryl Branton
> Assistant Principal: Antonietta M. DiGirolamo
> Assistant Principal: Ursula Garbutt
> Assistant Principal: Eduardo Diaz
> EESAC Chair: Lauren Zelniker
> General Education Teacher: Brenda P. Lewis
> SPED Department Chair: Betty Vanrees

Reading Coach: Mary K. Glueck
Reading Coach: Matasha Mondy
ELL Coach: Cassandra Jean-Pierre
Math Coach: Ms Rush-Lissad
Test Chairperson: Kim Coomansingh-Coard
Science Coach: Afreen Gandhi
School Psychologist: Dr. Joseph Laforest

Principal: Is the instructional leader who aligns the school's culture and vision with the state focus on literacy achievement. The principal will cultivate the vision for increased school-wide literacy across all content areas by leading LLT meetings and activities. Our Principal guides the development of our School Literacy Plan and possesses content expertise in literacy as well as an understanding of the process of managing organizational change. The Principal articulates literacy as a priority and engages in meaningful and monthly dialogue with the LLT about the school's literacy practices and plans. The Principal allocates and aligns the resources to support the plans and initiatives spearheaded by the LLT team. The Principal promotes the LLT as an integral part of the school literacy reform to promote a culture of literacy by: (1) including representation from all curricular areas on the LLT, (2) selecting team members who are skilled and committed to improving literacy, (3) offering professional growth opportunities for team members, (4) creating a collaborative environment that fosters sharing and learning, (5) developing a school wide organizational model that supports literacy instruction in all classes, and (6) encouraging the use of data to improve teaching and student achievement.
Vice and Assistant Principals provide in depth knowledge and expertise to support school and teachers in the implementation of the school wide literacy initiatives. Collectively they coordinate the development and deployment of resources and accountability processes supportive of school wide literacy initiatives. The Vice and Assistant Principals support academic departments directly as assigned by the Principal. The Vice and Assistant Principals possess advanced knowledge and skills in the content of literacy, design of professional learning, use of data for decision-making, coaching and management of change.

School Literacy Coaches provide direct support to teachers in the implementation of the state-wide literacy and instructional strategies. They facilitate processes such as the examination of student work and use of data in instructional decision-making. They possess advanced expertise in the content of literacy, coaching and facilitation skills. School Literacy Coaches will share their expertise in instruction, assessment and observational data to assist the team in making instructional and programmatic decisions. School Literacy Coaches will work with the LLT to guarantee fidelity of implementation of State, District, and Regional literacy plans. The School Literacy Coaches will provide motivation and promote a spirit of collaboration within the LLT to create a school-wide focus on literacy and academic achievement by establishing model classrooms; conferencing with teachers and administrators; and providing professional development.

Additional members of the LLT share leadership in the development and implementation of the school literacy plan. Collectively, they apply the knowledge and skills necessary for the development of effective literacy plans, and the implementation and the content of literacy approaches.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

NMSHS's LLT Leadership Team focuses their efforts on the development and maintenance of a problem solving system to bring out the best in every member of NMSHS's learning community. NMSHS's LLT Leadership Team meets once a month to engage in the following activities: (1) review of universal screening data and link to instructional decisions, and (2) review progress monitoring data at all grade levels and classrooms to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on their analyses NMSHS's, LLT Leadership Team identifies professional development and resources and deploys them in order to address all areas of need. The LLT Leadership Team also collaborates on a regular basis, problem solves, shares effective practices, evaluates implementation, makes decisions, and practices new processes and skills. The team also facilitates the processes of building consensus, increasing infrastructure, and making decisions about implementation.

What will be the major initiatives of the LLT this year?

THINKING MAPS. Fifty percent or more of the teachers at NMSHS will model and use grade level appropriate Thinking Maps/graphic organizers in daily instruction so students can organize and comprehend concepts taught and retell using story elements. To accomplish this objective, instructional staff will receive training and support in implementation of Thinking Maps throughout the school year. Additional resource manuals will be purchased to ensure that all staff members have the necessary materials to incorporate the use of the Thinking Map strategies throughout the curriculum. Professional Learning Communities will work together to match Thinking Maps to the reading anthology series at each grade level. Students will be able to interpret, create, and use Thinking Maps/graphic organizers and charts to further comprehension skills in reading and writing across all curricular areas. Additionally, teachers will teach and model the use of graphic organizers and thinking maps as prewriting tools across the curriculum. This will allow students to use graphic organizers and thinking maps as a prewriting tool in all content areas for writing rigorous writing reflections.

Public School Choice

Supplemental Educational Services (SES) Notification
[View uploaded file](#) (Uploaded on 10/21/2012)

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

> Not Applicable

*Grades 6-12 Only

Sec. 1003.413(b) F.S.

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

> All teachers at NMSHS will emphasize the relationships among vocabulary, word structures, origins, and meanings when teaching content in all academic courses. Students will read texts and comprehend what they are reading in all core and non-core academic subject areas. All teachers at NMSHS will use reading strategies to improve their students' reading comprehension. All teachers will help their students further develop the knowledge and reading skills necessary to identify the main idea and author's purpose of a passage, comparing/contrasting between ideas and concepts, identifying causes and their related effects, predicting outcomes, summarizing, questioning, and visualizing ideas and concepts from texts. All teachers at NMSHS will give students frequent opportunities to write about what they are reading. All teachers at NMSHS will emphasize the relationships among vocabulary, word structures, origins, and meanings when teaching content in all academic courses. Students will read texts and comprehend what they are reading in all core and non-core academic subject areas. All teachers at NMSHS will use active reading strategies and pre, during, and post-reading strategies to improve their students' reading comprehension. All teachers will help their students further develop the knowledge and reading skills necessary to identify the main idea and author's purpose of a passage, comparing/contrasting between ideas and concepts, identifying causes and their related effects, predicting outcomes, summarizing, questioning, and visualizing ideas and concepts from texts. All teachers at NMSHS will give students frequent opportunities to write about what they are reading. Students will be provided many opportunities to read fiction and nonfiction independently and with their peers. The Reading Coaches will review the FCAT "Item Specifications", as well as Common Core publications from the Florida Department of Education (FLDOE) to develop the teachers' pedagogical expertise in the area of reading as it relates to the FCAT. Instructional Focus Calendars (IFCs) will also be used in social studies and non-core content areas that will be aligned with all reading foci delineated in our school wide reading benchmark department adoption plan.

*High Schools Only

Note: Required for High School - Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

> NMSHS offers students elective courses supportive of our academy conversion effort in the areas of engineering, business, museum studies, health science, international studies, and the humanities. Many of these courses of study will focus on job skills and offer students internships and other culminating activities. A daily focus of the school is for teachers to ensure instruction remains relevant with real world exercises built into all curriculum areas. Teachers are also provided reading materials, writing prompts, and "bell ringer" activities based on current events in order to further increase class rigor and relevance and to increase student awareness of global issues while increasing literacy.

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

> Every year, after FCAT testing, students and parents participate in an academy fair. Our annual academy fair exposes all members of our learning community to next year's curricular offerings. The aim is to inform all students' of the school's academies and course offerings so all students can make a free and informed choice of the academy they wish to participate in for the forthcoming academic year. Prior to the academy fair, lead teachers engage in an academy promotion effort and marketing blitz. NMSHS's academy marketing campaign aims to engage the community at large about the school's curricular offerings. After the course selection fair, students meet one-on-one with their counselors and academy Lead Teachers to decide what classes will be taken. Parents are invited to these meetings and final course selection is sent home for parental signatures. The major area of interest through the selection of an academy curriculum is entered in the ePersonal Education Planner (ePEP) on the FLDOE web site. A student can track their progression to accomplishing the selected course of study through the ePEP.

Postsecondary Transition

Note: Required for High School - Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report

Through the assistance of NMSHS's administrative team and the student services department, teachers implement lessons, and instructional methodologies that focus on improving the personal effectiveness, planning for life after high school, surviving after high school and succeeding in post-secondary academic institutions. In order to disseminate this information, the District designed the Tools for Success curriculum. This postsecondary transition program consists of lesson plans and activities developed to address issues and competencies influencing student transition. These strategies focus on educational achievement, personal/social development, career, and health/community awareness that support student success.

Furthermore, all eleventh grade students are enrolled in a Critical Thinking class with focused instruction in PERT/ACT preparation and the College Summit curriculum. Similarly, twelfth grade students are enrolled in Critical Thinking with focused instruction in SAT preparation and the College Summit curriculum.

Postsecondary transitional planning occurs at NMSHS primarily through consultation with our students' guidance counselors. Several parent information nights are held throughout the academic year in order to educate parents about post-secondary options, as well. Exceptional students in pursuit of a special diploma take a career preparation course during which various post-secondary options are explored. A transition specialist and counselor from Vocational Rehabilitation address the needs of all graduating disabled students. ASVAB and PERT testing will be conducted; college site visits, job shadowing and other academic and career planning activities take place across the school in order to support our Postsecondary transition plan.

The ACT Online Prep Program, funded by the Title I Program, will be made available to all students. This will allow students the opportunity to receive individualized feedback and instructions in preparation for post-secondary educational options.

PART II: EXPECTED IMPROVEMENTS

Reading Goals

When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following group:	
1a. FCAT2.0: Students scoring at Achievement Level 3 in reading. Reading Goal #1a:	The results of the 2011-2012 FCAT Reading 2.0 test indicate that 16% (205) of students in grades 9 and 10 achieved a level three proficiency rating. Our goal for the 2012-13 school year is to increase the number of level three students who are proficient by eight percentage points to 24%(305)
2012 Current Level of Performance:	2013 Expected Level of Performance:
16% (205)	24% (305)

Problem-Solving Process to Increase Student Achievement					
	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool

High School Mathematics AMO Goals

Based on Ambitious but Achievable Annual Measurable Objectives (AMOs), AMO-2, Reading and Math Performance Target						
5A. Ambitious but Achievable Annual Measurable Objectives (AMOs). In six year school will reduce their achievement gap by 50%.		Mathematics Goal # 5A :	Our goal from 2011-2017 is to reduce the percent of non-proficient students by 50%.			
Baseline data 2010-2011	2011-2012	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017

	26%	33%	39%	46%	53%	

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following subgroup:	
5B. Student subgroups by ethnicity (White, Black, Hispanic, Asian, American Indian) not making satisfactory progress in mathematics. Mathematics Goal #5B:	The results of the 2011-2012 Algebra I EOC test indicate that our Black and Hispanic students are making satisfactory progress. Our goal for the 2012-2013 school year is to further increase these students proficiency.
2012 Current Level of Performance:	2013 Expected Level of Performance:
Black: 38%(165) Hispanic: 41%(21)	Black: 45%(195) Hispanic: 47%(24)

Problem-Solving Process to Increase Student Achievement					
	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool
1	5B.1. Evidence of note-taking strategies is not present within the student notebooks or journals.	5B.1. Action Step #1: Develop clear expectations on note taking strategies and maintenance of the student learning journal (notebook). Action Step #2: Provide professional development on techniques of effective note-taking strategies. Action Step #3: Determine the specifics of note-taking during common planning for each lesson that includes a model of the resulting student's notes.	5B.1. Principal, Assistant Principal, math coaches, teachers	5B.1. Monitor lesson plans, conduct model lessons for teachers and perform classroom walkthroughs	5B.1. Formative: Monthly assessments. Summative: 2013 Algebra I EOC
2	5B.2. Teacher's inability to provide an environment that is conducive to reflection and critical thinking.	5B.2. Increase explicit corrective feedback on student work in order to provide opportunities for the student to make adjustments and improvements towards mastery of a specific standard.	5B.2. Principal, Assistant Principal, math coaches, teachers	5B.2. Monitor lesson plans, conduct model lessons for teachers and perform classroom walkthroughs	5B.2. Formative: Monthly assessments. Summative: 2013 Algebra I EOC

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following subgroup:	
5C. English Language Learners (ELL) not making satisfactory progress in mathematics. Mathematics Goal #5C:	The results of the 2011--2012 Algebra EOC test indicate that our English Language Learner students are not making satisfactory progress. Our goal for the 2012-2013 school year is to increase these students proficiency.
2012 Current Level of Performance:	2013 Expected Level of Performance:
27% (40)	36% (54)

	Problem-Solving Process to Increase Student Achievement				
	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool
1	5C.1. Students have limited vocabulary of math specific terms in English.	5C.1. Action Step#1: Create a word wall with high frequency math words translated into students' home language and refer to during daily lessons. Action Step#2: Provide all ELLs with a Heritage Language to English Word to Word dictionary during class time and promote use of dictionaries.	5C.1. RTI Leadership Team	5C.1. Monitor lesson plans and conduct classroom walkthroughs	5C.1. Monthly Assessments, Interim Assessments, and 2013 Algebra I EOC
2	5C.2. Students lack test taking skills, and basic math and reading skills.	5C.2. Action Step#1: Provide enhanced opportunities for student interaction and practice during class Action Step#2: Provide alterative assessments for ELLs which include proving multiple opportunities to demonstrate comprehension, deleting nonessential words in word problems and limiting answer choices in multiple choice assessments	5C.2. RTI Leadership Team	5C.2. Monitor lesson plans and conduct classroom walkthroughs.	5C.2. Monthly Assessments, Interim Assessments, and 2013 Algebra I EOC

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following subgroup:	
5D. Students with Disabilities (SWD) not making satisfactory progress in mathematics. Mathematics Goal #5D:	The results of the 2011-2012 Algebra I EOC test indicate that our Students with Disabilities are making satisfactory progress. Our goal for the 2012-2013 school year is to further increase these students proficiency.

Career and Technical Education (CTE) Goal(s)

* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of school data, identify and define areas in need of improvement:

1. CTE	During the 2011-2012 school year, we had 365 students

CTE Goal #1:			pass the Industry Certification Exam school wide. Our goal for the 2012-2013 school year is to increase the passing rate by 10% from 365 to 402.	

Problem-Solving Process to Increase Student Achievement				
	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool
1	1.1. Common Board Configuration Training Multiple preps Use of the classrooms by night school staff	1.1. Common Board Configuration (CBC) Promote the effective use of the CBC in the CTE Classrooms.	1.1. CTE Administrator CTE Coach	1.1. Monitor that there is a consistent instructional routine by utilizing the common board configuration to begin the class by introducing the essential question daily.	1.1. Classroom walkthrough
2	1.2. Inconsistent transfer of written higher order questions to verbal higher order questions during instructional delivery. Limited student background knowledge Limited student vocabulary High ESOL population	1.2. Higher Order Thinking (HOTS), Bell Ringers and Gradual Release Model Promote the effective use of higher order questions and rigorous activities in the CTE classrooms. CTE Coach will work with the ETO CSS on developing bell ringers related to CTE and provide a PD on the effective use of bell ringers related to CTE. CTE Coach will model "Gradual Release" strategies during common planning and lesson studies as well as sharing of best practices.	1.2. CTE Administrator CTE Coach	1.2. Consistently monitor the use of rigorous activities, higher order questioning and response techniques, by administrative walkthroughs, monitoring lesson plans, common planning , student folders, coaching logs and lesson study cycles. Monitor that bell ringers are related to CTE and that they are being implemented properly. Monitor the "Gradual Release" strategies in the classroom with an emphasis on the "We Do" strategy.	1.2. Common planning logs. Classroom walkthrough logs. Completed Lesson Study Cycle. Coaching logs
3	1.3. Lack of evidence of real-world applications Limited budgetary constraints for (Material, Transportation) Time management Student Interest	1.3. CTSO Competitions Increase rigor and real-world applications through Project -Based Learning competition enrollment from CTE student organizations (CTSOs).	1.3. CTE Administrator CTE Coach	1.3. Monitor the implementation of the guidelines and timeline for the teacher training and the progress of the CTE Student competition projects.	1.3. Common planning logs Classroom walkthrough logs CTSO registrations Coaching logs
4	1.4. Need for Explicit and Systematic Instruction Classroom management Poor time management and pacing	1.4. Explicit and Systematic Instruction Promote the effective use of Explicit and Systematic Instruction. 1). CTE Coach will provide an additional PD on delivery of explicit instruction. 2).Implement Coaching Cycles. 3). Visit CTE Observational Classroom(s).	1.4. CTE Administrator CTE Coach	1.4. Monitor the implementation of explicit and systematic instruction through regular administrative walkthroughs, lesson plans, common planning, and lesson study.	1.4. Common planning logs Classroom walkthrough logs Coaching logs
	1.5. Limited access to computer labs	1.6. CTE Frameworks & Pacing Guides	1.6. CTE Administrator	1.6. Monitor the effective implementation of	1.6. Common planning logs

#					
5	Need for Professional Development /Training	Each CTE program follows the most recent framework available on the FLDOE website (curriculum standards and program sequence of courses). Follow the district pacing guides activities for industry certification.	CTE Coach	lessons and pacing guide in the CTE classrooms through administrative walkthroughs, common planning, and review of test data including baseline, interim and practice or readiness tests.	Classroom walkthrough Coaching logs
6	1.7. Need of additional professional Industry Certifications for CTE teachers within their subject areas.	1.7. Provide PD and other opportunities for CTE teachers to attain multiple professional Industry Certifications within their content area.	1.7. District Office CTE Administrator CTE Coach	1.7. Monitor CTE teacher's enrollment in PDs and professional ICEs offerings throughout the State and District. Encourage CTE teachers to pursue additional professional Industry Certification within their subject areas.	1.7. PD registration log. Additional Professional Industry Certification Exam awarded
7	1.8. Lack of CTE and STEM curriculum integration	1.8. Provide PD for CTE teachers on STEM Curriculum and integration as it relates to CTE. Attend Curriculum Integration workshop sponsored by FLDOE	1.8. CTE Administrator CTE Coach	1.8. Monitor the implementation of STEM in the CTE classrooms curriculum integration through administrative walkthroughs, lesson plans, Lesson Study, and Common Planning times.	1.8. Common planning logs. Classroom walkthrough logs. Completed Lesson Study Cycle. Coaching logs
8	1.9. Lack of CTE student program completers	1.9. Develop and implement a CTE course sequence chart that identifies each CTE programs courses sequentially. Provide course sequence chart to the Student Services department	1.9. CTE Administrator CTE Coach	1.9. Consistently monitor CTE class enrollment and CTE student schedules.	1.9. Schedule Change Requests Occupation Completion Points awarded
9	1.10. Substitute Coverage	1.10. Lesson Study Group (LSG) Provide active coaching with consistent administrative guidance and the Lesson Study Process to effectively implement the ETO's initiatives and strategies.	1.10. CTE Administrator CTE Coach	1.10. Conduct regular coach/administration debriefings to assist with development of coaching logs, monitor coaches through regular observations and classroom walkthroughs. Monitor lesson study planning, review, critique and revise lesson plan. Observation of lesson study, and debriefing of lesson study.	1.10. Common planning logs. Classroom walkthrough logs. Completed Lesson Study Cycle. Coaching logs

Professional Development (PD) aligned with Strategies through Professional Learning Community (PLC) or PD Activity

Please note that each Strategy does not require a professional development or PLC activity.

PD Content /Topic and/or PLC Focus	Grade Level/Subject	PD Facilitator and/or PLC Leader	PD Participants (e.g., PLC, subject, grade level, or school-wide)	Target Dates (e.g., early release) and Schedules (e.g., frequency of meetings)	Strategy for Follow-up/Monitoring	Person or Position Responsible for Monitoring
CTE Content Updates Tech Ed & Ind. Ed	9-12	Thomas Cummings	Engineering Instructors	8/14/2012	Implementation of required curriculum	NMSHS Administrative Team CTE Coach
Business and IT Training	9-12	Robert Quinn & Sonia Samaroo	Business Instructors	8/14/2012	Training and Implementation of new curriculum	NMSHS Administrative Team CTE Coach
Industry Certification via Photoshop, MOS, Dreamweaver, CMAA and Engineering	9-12	CTE Coach, Departmental Chair, District Supervisor and/or Educational Specialist	All Grades	11/6/12	Identify and prepare students for ICE early in the school year. Increase Enrollment in Industry Certification Courses. Increase our passing rate.	NMSHS Administrative Team CTE Coach CTE Departmental Chairperson
Accelerated Reader Implementation in the Classroom	9-12	CTE Coach, Departmental Chair, District Supervisor and/or Curriculum Support Specialist	All Grades	Early Release Day, Professional Development Day	Increase number of students reading, taking and being proficient on the AR test.	NMSHS Administrative Team CTE Coach CTE Departmental Chairperson
ETO Teacher Academy	9-12	Arlinda Smith	CTE Instructors (TV Production)	6/30/2012 – 8/3/2012	ETO Walkthrough & Support	NMSHS Administrative Team CTE Coach

FINAL BUDGET

Evidence-based Program(s)/Material(s)

Goal	Strategy	Description of Resources	Funding Source	Available Amount
Reading	Provide extended learning opportunities for students that are in need of remediation	After-School Tutoring	Title 1	$8,000.00
Reading	Provide incentives for students that meet proficiency on the FCAT	FCAT Student Incentives	E.E.S.A.C.	$1,500.00
Reading	Provide incentives for students that meet proficiency on the FCAT	FCAT Student Incentives	Title 1	$2,500.00
Mathematics	After School Tutoring	Salary & Fringe	Title 1, SIG Grant	$8,000.00
Writing	Demonstrate evidence of student published work.	Student Writing Portfolios for all students	SBBS	$500.00
Writing	Thinking Maps	Thinking Maps training binders	City of North Miami	$0.00
Attendance	Decrease the number of students tardy or absent from school	Incentives for students who model good behavior, excellent attendance and for any student who "does the right thing" in school.	E.E.S.A.C..	$1,500.00
				Subtotal: $22,000.00

Technology

Goal	Strategy	Description of Resources	Funding Source	Available Amount
Reading	Increase the use of computer based reading programs.	Purchasing additional Accelerated Reader Quizzes	Internal Funds/SIG	$13,000.00
Mathematics	Establish and maintain a computer lab to be solely used by the Mathematics Department with the implementation of mathematics technology as part of the Intensive Mathematics curriculum.	Various technology needs	Title 1, SIG Grant	$13,000.00
Science	Promote the effective use of higher order thinking questions, rigorous activities, and accountability talk in science classrooms.	Clickers(for Promethean boards)	SIG	$800.00
Writing	Discovery Education/ Digital Lessons	Replacement NEC Lamp Bulbs/ External hard drives for downloaded files	SBBS and Title 1	$5,000.00
Writing	Write Score Placement test for Grade 9	Write Score assessment for future grade 9 students	SIG funds/ Title 1	$1,900.00
				Subtotal: $33,700.00

Professional Development

Goal	Strategy	Description of Resources	Funding Source	Available Amount
Reading	Provide teachers an opportunity to create instructional focus calendars for the upcoming school year.	Summer Professional Development: Reading Teachers, Language Arts, and ELL Teachers	Title 1	$15,000.00
Reading	Provide Reading teachers with opportunities to meet and discuss trends, disaggregate data and create pacing guides based on student needs.	Substitutes coverage for Reading Teachers for half day of PD.	Title 1	$7,000.00
	Provide professional			

Mathematics	development on the cognitive complexity of the benchmarks and courses.	Stipends	Title 1, SIG Grant	$10,000.00
Mathematics	Provide professional development on techniques of effective note-taking strategies	Stipends	Title 1, SIG Grant	$10,000.00
Mathematics	Conduct lesson studies that focus on the "we do" strategies in various settings.	Substitutes	Title 1	$7,000.00
Science	Incorporate Common Core reading comprehension and writing strategies into instruction.	Hourly after school funding for teachers to attend PD.	SIG	$1,500.00
Writing	Lesson Study for Creative Writing Teachers	Substitute Coverage	SIG Funds	$2,000.00
Writing	Professional Development Writing Process for English 1 teachers	Substitute Coverage	SIG Funds	$5,000.00
STEM	Provide PD for CTE teachers on STEM Curriculum and integration as it relates to CTE.	Stipend and/or Substitute coverage	Title 1	$7,000.00
				Subtotal: $64,500.00

Other

Goal	Strategy	Description of Resources	Funding Source	Available Amount
CELLA	Develop creative projects that will beautify the school and create awareness about the history and issues relevant to the student body.	Supplies for art project and for awareness activities	EESAC	$300.00
Mathematics	Provide students with the opportunity to use manipulatives and technology in the completion of performance-based activities.	Various	Title 1	$5,000.00
Attendance	Utilize the Positive Behavior Support system to encourage and reward students for positive behavior.	Incentives for students who model good behavior, excellent attendance and for any student who "does the right thing" in school.	EESAC	$1,500.00
Dropout Prevention	Increase students' active involvement in drama and the arts.	Competition fees for the Drama Club.	EESAS	$1,200.00
CTE		Academy medals for for senior students in all five academies who are progarm completeres	EESAC	$1,735.01
CTE	Provide the opportunity for students to participate in FBLA as part of the CTE program.	Registration for FBLA State Championship	EESAC	$1,375.00
CTE	Promote leadership, regional, state and national recognition as well as review and guide ICE industry certification exams	Registration fees for HOSA state leadership convention	EESAC	$2,000.00
				Subtotal: $13,110.01
				Grand Total: $133,310.01

Differentiated Accountability

School-level Differentiated Accountability Compliance

School Advisory Council

School Advisory Council (SAC) Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting "Yes" or "No" below.

✔ Yes. Agree with the above statement.

Projected use of SAC Funds	Amount
Latino Student Association	$300.00
Drama	$1,200.00
School-wide Literacy Initiative	$1,500.00
Future Business Leader of America	$1,375.00
Academic Academy Medals	$1,735.01
Positive Behavior Support	$1,500.00
HOSA	$2,000.00

Describe the activities of the School Advisory Council for the upcoming year

The purpose of the North Miami Senior High School Educational Excellence School Advisory Council (EESAC), hereinafter referred to as the "Council", is to work to ensure improved student achievement. To this end, the Council will have the following responsibilities:
1. to foster an environment of professional collaboration among all education stakeholders, who must have an authentic role in decisions which effect instruction and the delivery of educational programs.
2. to assist in the preparation and evaluation of the School Improvement Plan (SIP) required from each school. All recommendations made by, and evolving from, the Councils should be tied to one or more strategies of its SIP, and in support of the state/district goals.
3. to have the responsibility to address all state and district goals, with the authority to periodically review the SIP and amend as needed.
4. to serve as the appropriate avenue for authentic and representative input from all education professionals, parents, students, business community, and interested citizens.
5. to ensure the continued existence of participatory, consensus-building process on all issues related to the school's instructional program and which are in support of goals in SIP and the state's or district's planning goals. Such issues may include, but not be limited to, curriculum, budget, discipline and professional development.
