EFFECTIVE AND HIGHLY EFFECTIVE TEACHERS

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

	Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1	Professional development/School based PLC's	Administration/Reading Coach	Ongoing	

Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of staff and paraprofessional that are teaching out- of-field/ and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective
0% (0)	N/A

Staff Demographics

Please complete the following demographic information about the instructional staff in the school.

*When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

Total Number of Instructional Staff	% of First-Year Teachers		% of Teachers with 6-14 Years of Experience	% of Teachers with 15+ Years of Experience	% of Teachers with Advanced Degrees	% Highly Effective Teachers	% Reading Endorsed Teachers	BOALO	% ESOL Endorsed Teachers
46	0.0%(0)	4.3%(2)	26.1%(12)	69.6%(32)	54.3%(25)	95.7%(44)	15.2%(7)	17.4%(8)	93.5%(43)

Teacher Mentoring Program/Plan

Please describe the school's teacher mentoring program/plan by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee	Rationale	Planned Mentoring
	Assigned	for Pairing	Activities

Colleen Kelly	Fournier Ana Ruiz	New to first grade New to school	Modeling/observations
Sylvia Simmons		New to kindergarten/school	Modeling/Collaboration
Cathy Sullivan		New to third grade	Modeling/collaboration

ADDITIONAL REQUIREMENTS

Coordination and Integration

Note: For Title I schools only

Please describe how federal, state, and local services and programs will be coordinated and integrated in the school. Include other Title programs, Migrant and Homeless, Supplemental Academic Instruction funds, as well as violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education, and/or job training, as applicable.

Title I, Part A

Title 1 funds provide additional teachers to assist students, particularly low performing students. Staff development funds are used to develop a comprehensive professional training program to improve delivery of instruction through a variety of workshops designed to move teachers to mastery and improve student achievement. Funds are also set aside for substitutes for teachers to attend district trainings. Parent involvement funds are utilized to fund parent nights that provide parents with new skills to support student learning at home. Improving the frequency and quality of family participation and increasing family literacy are also goals of the parental involvement component. Monies are used to purchase food, supplies/materials, and provide stipends for teacher presenters. Extended learning opportunities are supported with district Title 1 funds.

Title I, Part C- Migrant

N/A

Title I, Part D

N/A

Title II

N/A

Title III

Materials for use with ESOL students are provided such as dictionaries in other languages. Funds were also used to purchase a site license for Rosetta Stone.

Title X- Homeless

Teachers and staff members are responsible for helping to identify homeless students and refer them to the Homeless Education Program offered by the District. The purpose of the Homeless Education Program is to identify homeless students, remove barriers to their education, including school enrollment, provide them with supplemental academic and counseling case management services as well as linkages to their school social worker while maintaining school as the students' stable environment.

Supplemental Academic Instruction (SAI)

Pay for part of a teacher that provides support for Level 1 and 2 students

Violence Prevention Programs

G.R.A.D.E.; Character Education Program; Anti-Bullying; Pro-Kids Assembly

Nutrition Programs

N/A

Housing Programs

N/A

To ensure school readiness, the Head Start Program provides literacy, math and science curricula that align with the K-3 national standards to improve educational outcomes. This connection between curricula and child expectations has contributed to better prepared students to succeed in kindergarten. An end of the year Creative Curriculum Continuum report detailing students' ongoing assessments is placed in the students' cumulative folder to familiarize kindergarten teachers with the Head Start students' progress in the program.

Multi-Tiered System of Supports (MTSS)/Response to Instruction/Intervention (RtI)

School-based MTSS/RtI Team

Identify the school-based MTSS leadership team.

Dr. Rene Shaw, Principal; Shari Brown, Assistant Principal; Carol Pillsbury, Reading Coach; Kendra Marks, SLP; Dr. Ellen Ahiyon, ESE Specialist; Dr. Jennifer Klein, School Psychologist; Jodi Samson, School Social Worker; Maureen Miller, Guidance Counselor

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

Our team is facilitated by our SLP, Kendra Marks. We meet biweekly. The classroom teacher is brought into the initial meeting for a child. At this meeting, baseline data is presented and interventions are recommended. Each student is assigned an individual case worker who then continues to meet with the classroom teacher and monitor student progress. Case workers discuss specific cases at our biweekly meetings as a way of monitoring progress, determining if new interventions are necessary and providing feedback to the teacher as well as to families of the students. This process also helps to identify successful interventions which may then be replicated with other students.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

The following process is utilized by the team: Identify the problem; analyze the data; develop and implement intervention plan; monitor progress; and evaluate effectiveness. Since the MTSS leadership team works with all aspects of the curriculum and all subgroups, their input is valued in the review of the school improvement plan.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Tier 1 data are routinely inspected in the areas of reading, math, writing, science, and behavior. Data are used to make decisions about modifications and interventions needed for all students. The MTSS team also considers how to best proceed and considers interventions that follow the core curriculum and behavior strategies. These same data are also used to screen for at-risk students who may be in need of tier 2 or 3 interventions. For tier 2 and 3, data sources the intervention records and progress monitoring graphs generated for individual students. Online graphing tools are utilized to record and track tier 2 and 3 interventions. Evidence based interventions are selected from those on the Struggling Reader and Struggling Math charts.

Describe the plan to train staff on MTSS.

Training will be delivered by members of the MTSS team including our school psychologist and social worker. Training will include a review of RTI as well as by not limited to the following: Tier 2 and 3 interventions in academic areas as well as behavior; assessing to monitor progress; evaluating the success of interventions. Training will occur during staff meetings as well as during consultation with case workers.

Describe the plan to support MTSS.

Teachers will be trained to use intervention programs such as Fundations, Phonics for Reading and Intermediate Rewards. Teachers at each grade level will work collaboratively to provide tiered instruction for students needing it. The reading coach will also support the implementation by providing coaching, modeling and direct services to students using intervention programs.

Literacy Leadership Team (LLT)

-School-Based Literacy Leadership Team-

Identify the school-based Literacy Leadership Team (LLT).

Carol Booth, Kindergarten teacher; Colleen Kelly, First grade teacher; Phyllis Scarpa, Second grade teacher; Cathy Sullivan, Third grade teacher; Ann Stewart, Fourth grade teacher; Karen Krant, Fifth Grade teacher; Michele Dowling, ESE Teacher; Mara Payton, Media Specialist; Carol Pillsbury, Reading Resource Teacher; Dr. Rene Shaw, Principal; Shari Brown, Assistant Principal; Maureen Miller, Guidance; and Dr. Ellen Ahiyon, ESE Specialist.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

Meet monthly to discuss implementation, differentiation of instruction, and RTI. The principal, assistant principal, and reading resource teacher will guide the LLT.

What will be the major initiatives of the LLT this year?

The initiatives will be based on student and teacher data and will be aligned to the SIP reading goals. In grades K-2, implementation of the Common Core State Standards will be a major focus with a school-wide focus on expecting students to read closely to determine what the text says explicitly and make logical inferences from it. Also students will be able to cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

Public School Choice

Supplemental Educational Services (SES) Notification View uploaded file (Uploaded on 10/16/2012)

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

To insure school readiness, the Head Start (HS) program has implemented a new literacy, math, and science curricula in the 119 HS classrooms. The program has aligned the literacy and math standard with the K-3 national standards to improve educational outcomes. This transparent connection between curricula and child expectations has contributed to better prepare students to succeed in kindergarten. An end of the year Creative Curriculum report, detailing students' ongoing assessment, is placed in the students' cumulative folder to familiarize kindergarten teachers with the HS students' progress in the program. Regarding the logistics of registering students at the elementary schools, the Head Start program ensures a smooth transition to kindergarten by clearly specifying the necessary enrollment processes and timelines to all families participating in the program. The HS family services support team and the HS teachers provide ongoing guidance to the HS families by indicating the students' corresponding home school, immunization requirements, and dates scheduled for kindergarten roundup at those schools.

Suspension Goal(s)

^{*} When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of suspension data, and reference to "Guiding Questions", identify and define areas in need of improvement:				
1. Suspension	The total number of suspensions will decrease to 10 external and 15 internal in the 2011-2012 school year.			
Suspension Goal #1:	external and 15 internal in the 2011-2012 school year.			
2012 Total Number of In-School Suspensions	2013 Expected Number of In-School Suspensions			
11 (1.53%)	10 (1.40%)			
2012 Total Number of Students Suspended In-School	2013 Expected Number of Students Suspended In- School			
9 (1.26%)	8 (1.12%)			
2012 Number of Out-of-School Suspensions	2013 Expected Number of Out-of-School Suspensions			
21 (2.94%)	15 (2.10%)			
2012 Total Number of Students Suspended Out-of- School	2013 Expected Number of Students Suspended Out- of-School			
13 (1.82%)	10 (1.40%)			

Problem-Solving Process to Increase Student Achievement					
	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool
1	Lack of effective classroom management strategies applied on a consistent basis	1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Administration	Number of discipline referrals	DMS

Professional Development (PD) aligned with Strategies through Professional Learning Community (PLC) or PD Activity

Please note that each Strategy does not require a professional development or PLC activity.

PD Content /Topic and/or PLC Focus	Grade Level/Subject	PD Facilitator and/or PLC Leader	PD Participants (e.g., PLC, subject, grade level, or school- wide)	Target Dates (e.g., early release) and Schedules (e.g., frequency of meetings)	Strategy for Follow- up/Monitoring	Person or Position Responsible for Monitoring
Review of Proactive Positive Schoolwide behavior plan	All	Team leader		Monthly team meeting	Review of referrals in DMS	Administration

School Advisory Council

School Advisory Council (SAC) Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting "Yes" or "No" below.

Yes. Agree with the above statement.

Projected use of SAC Funds	Amount
	\$0.00

Describe the activities of the School Advisory Council for the upcoming year

SAC will meet monthly to discuss and monitor implementation of the school improvement plan.
