Highly Qualified Teachers

Describe the school-based strategies that will be used to recruit and retain high quality, highly qualified teachers to the school.

Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1. Teacher Interview Day	Principal, APs, Dept Chair		
2. MAP	Supervisor of Data Analysis		
3. Mentoring	Principal, Mentor		
4. Performance Pay	Principal, Peers		

Non-Highly Qualified Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field (not ESOL certified) and not highly qualified.

Number of staff and paraprofessional that are teaching out-of-field/ and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective
11 staff members are teaching out of field, while 8 are considered non-highly effective.	Teachers are offered opportunities through TIP, SMART, teacher mentoring, and professional development and HOUSSE plan. Teacher mentor for new hires is in house, teachers are given ample feedback and opportunities for both mock and real evaluations.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Staff Demographics

Please complete the following demographic information about the instructional staff in the school.

*When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

Total Number of Instructional Staff	% of First-Year Teachers	% of Teachers with 1-5 Years of Experience	% of Teachers with 6-14 Years of Experience	% of Teachers with 15+ Years of Experience	% of Teachers with Advanced Degrees	% Highly Qualified Teachers	% Reading Endorsed Teachers	% National Board Certified Teachers	% ESOL Endorsed Teachers

Job Training
Other

Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

School-Based MTSS/RtI Team
Identify the school-based MTSS Leadership Team: Jay Blavatt, Michelle Welch, Henry O'Brien, Julina Dolce, Karen Snapp, Marisol Valentine Robles, Lisa Ponce, Patrisha Steele, Randi Jones
Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts? The MTSS Leadership Team functions as a coordinating and directing unit within the school to evaluate and plan student interventions. High performing students as well as low performing students are evaluated and strategies are put in place so they can achieve adequate yearly progress.
Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP? <i>The team functions as a problem-solving unit. It meets to discuss the needs of students who display academic and or behavioral problems. These students may represent exceptionality at both ends of the spectrum. The MTSS LT reviews specific and supports department data sharing while using collaboration when identifying intervention strategies that are both effective for the individual student and attainable (through in house teacher led training)</i> <i>Plant City HS is using MTSS to identify (Non-ESE) students that are unsuccessful in the classroom for a variety of reasons: discipline, attendance, academic performance, apathy, outside/ home issues, etc.</i> <i>A teacher can complete an RTI reference form (found in the hanging folder in teacher TPA rooms or attached here). Upon completion, that form is verified by a department head, who will ask you; "What have you attempted? (phone calls, email, referrals, etc) After reviewing whether attempts have been made, the student is then referred to the School Wide Behavior Team (made up of 3 teachers, AP1, Social Worker, Psychologist, ESE, Guidance, Migrant) *</i> <i><u>What happens after referral is made?</u> Upon referral, the student is interviewed by a counselor or AP, the student is scored based on a number of factors of present level of performance: FAIR, FCAT, current Grades, discipline points. That score and the discussion by the SWBT then translates into strategies to improve student performance.</i>
MTSS Implementation
Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Plant City HS is using MTSS to identify (Non-ESE) students that are unsuccessful in the classroom for a variety of reasons: discipline, attendance, academic performance, apathy, outside/ home issues, etc.

A teacher can complete an RTI reference form (found in the hanging folder in teacher TPA rooms or attached here). Upon completion, that form is verified by a department head, who will ask you: "What have you attempted? (phone calls, email, referrals, etc) After reviewing whether attempts have been made, the student is then referred to the School Wide Behavior Team (made up of 3 teachers, AP1, Social Worker, Psychologist, ESE, Guidance, Migrant) *

What happens after referral is made? Upon referral, the student is interviewed by a counselor or AP, the student is scored based on a number of factors of present level of performance: FAIR, FCAT, current Grades, discipline points. That score and the discussion by the SWBT then translates into strategies to improve student performance.

attendance, work details, FAIR, FCAT, suspensions, Saturday School, etc, all help to determine MTSS involvement for the student. As data is collected, a playbook of interventions is created at different tiers of therapeutic intensity.

Describe the plan to train staff on MTSS.

A grassroots strategy has been instituted in which Department heads are trained on referral form and are the first line of evaluation with referring teachers (They are asked to evaluate RTI referrals and discuss any measures that have already been attempted). Teachers will be surveyed to identify particular intervention/academic strategies that they feel they are most qualified in. When all results are collected, a toolbox of intervention strategies will be available. When a student is identified for intervention strategies by SWBT, a teacher who is proficient in said intervention strategy is used to train the teachers with that student.

Describe plan to support MTSS.

The MTSS LT will continue to develop a continuum of services based on validation of scoring leading to tier identification. Meaning as more students are referred and scored consistently (fidelity checked) then tiered definition will become more identifiable. Furthermore, students that are receiving interventions will be progress monitored through data collection and ongoing discussion within the leadership team.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

Identify the school-based Literacy Leadership Team (LLT). Colleen Richardson (Principal), Margaret Obel (APC), Becky Hendrix (Reading Coach)

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions). Meetings center on reading proficiency data & teacher input- objectives focus on increasing reading proficiency in subgroups on FCAT, schoolwide reading in content area. **School-Based Literacy Leadership Team**

2012-2013 School Improvement Plan (SIP)-Form SIP-1

What will be the major initiatives of the LLT this year? Our major initiatives are to place students in appropriate reading classes, offer lunch and after-school tutoring to students, notify teachers of their bottom quartile students, give monthly trainings to teacher on reading strategies, and hold workshops on engaging students in learning. Identifying marginal students and providing reading strategies and support to core academic teachers.

NCLB Public School Choice

- **Supplemental Educational Services (SES) Notification**

***Grades 6-12 Only Sec. 1003.413 (b) F.S**

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

Plant City High School has made reading the priority in all classrooms. Along with the ongoing use of Teach Like a Champion, Kagan and CRISS strategies; during pre-planning while digesting schoolwide data, each department developed a literacy mission and two content specific strategies that will be used in their classrooms (AVID Cornell notes, TACKLE, SQ3R, CI model, etc).

***High Schools Only**

Note: Required for High School-Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

Courses and coursework are established in, Professional Learning Communities, Career Academies, Program Completers, and AVID classes to help students see the relationships both cross-curricular and within subjects to establish relevance to a student’s future. Many of these programs help guide and establish a student for post-secondary readiness (Industry Certifications, College credit, job skills, etc).

How does the school incorporate students’ academic and career planning, as well as promote student course selections, so that students’ course of study is personally meaningful?

Plant City High School annually will hold elective fairs with present and incoming students. Based on interest, they will establish Course Selection Sheets and courses offerings to best meet their needs. The Guidance Department, ESE Specialist, AVID Coordinator, Department Heads, teachers and APCs will then articulate with feeder schools and assist students in signing up for courses and programs based on their Automatic Course Requests and their individual interests. Guidance Counselors will visit classes to review the curriculum guide and course descriptions. Course descriptions will be made available to feeder schools by posting it on the school web site. They will distribute Course Selection Sheets and provide information about selecting courses for the following school year. These Course Selection Sheets are then sent home for parent review and signature.

On an annual basis, Plant City High School will review new course offerings at the State and District Level to continue to offer Rigorous and Relevant coursework and to meet

2012-2013 School Improvement Plan (SIP)-Form SIP-1

the State Standards.

Postsecondary Transition

Note: Required for High School- Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#).

Targeted monitoring of ACT, SAT & PERT by teacher, student and parent. Increasing the awareness of testing times, impact (many parents believe it is “just another test”) through reach out events, newsletters, targeted phone calls and regular SAC meetings. ESE teachers and students utilize transition services to identify post-secondary needs.

PART II: EXPECTED IMPROVEMENTS

Reading Goals

Reading Goals			Problem-Solving Process to Increase Student Achievement				
Based on the analysis of student achievement data, and reference to “Guiding Questions”, identify and define areas in need of improvement for the following group:			Anticipated Barrier	Strategy	Fidelity Check Who and how will the fidelity be monitored?	Strategy Data Check How will the evaluation tool data be used to determine the effectiveness of strategy?	Student Evaluation Tool
1. FCAT 2.0: Students scoring proficient in reading (Level 3-5).			I.1. Lack of understanding of how to implement the Core Continuous Improvement Model (C-CIM with core curriculum), as the emphasis has been placed on F-CIM for targeted mini lessons and NOT on the core curriculum. Curriculum Assessments: -Need additional training to implement effective PLCs. -Teachers at varying levels of implementation of differentiating instruction (both with the low performing and high performing students	I.1. <u>Strategy:</u> Tier 1 - The purpose of this improve student FCAT performance through the use of the core curriculum. Students’ reading comprehension will improve as all teachers implement and utilize the Core Continuous Improvement Model (C-CIM) and provide Differentiated Instruction (DI) as a result of the problem-solving model. (EET rubric) Action Steps -1. As a Professional Development activity in their PLCs, teachers spend time sharing, researching, teaching, and modeling researched-based best-practice strategies. Domain 1 2. PLC teachers instruct students using the core curriculum, incorporating domain 3 components from their PLC discussions. 3. At the end of the unit, teachers give a common assessment identified from	I.1. <u>Who</u> -Principal -AP’s -Dept. Heads -Teachers in all subject areas <u>How</u> Formal observations and pop-ins and conversations with department heads	I.1. <u>Teacher Level</u> Eng. 1 and Eng. 2 PLC/Department Level Eng. 1 and Eng. 2 Leadership Team Level <u>PLC/Department Level</u> Eng. 1 and Eng. 2 <u>Leadership Team Level</u>	I.1. <u>During Grading Period</u> -Mini Assessments -Formative and summative assessments
Reading Goal #1:	<u>2012 Current Level of Performance:*</u>	<u>2013 Expected Level of Performance:*</u>					
The percentage of students scoring a level 3 or higher on the 2013 FCAT reading will increase from 46% to 48%	46%	48%					

2012-2013 School Improvement Plan (SIP)-Form SIP-1

				<p>the core curriculum material.</p> <p>4. Teachers bring assessment data back to the PLCs. Component 3d</p> <p>5. Based on the data, teachers discuss strategies that were effective.</p> <p>6. Based on the data, teachers a) decide what skills need to be re-taught in a whole lesson to the entire class, b) decide what skills need to be moved to mini-lessons or re-teach for the whole class and c) decide what skills need to re-taught to targeted students.</p> <p>Component 3e</p> <p>7. Teachers provide Differentiated Instruction to targeted students (remediation and enrichment).Component 3e</p> <p>8. PLCs record their work in logs.</p> <p>9. Every teacher will require reading in all content areas and focus on improving reading comprehension.</p> <p>10. CRISS train all teachers</p> <p>11. Train all teachers to understand FAIR scores and to differentiate instruction accordingly.</p> <p>12. Train all teachers in SQ3R, a reading strategy that works in all content areas.</p> <p>13. Teach content vocabulary as well as FCAT reading vocabulary across all content areas</p> <p>14. Train all teachers in the use of vocabulary strategies with particular emphasis on academic vocabulary.</p>

Continuous Improvement Goal(s)

* When using percentages, include the number of students the percentage represents next to the percentage (e.g. 70% (35)).

Additional Goal(s)			Problem-Solving Process to Increase Student Achievement				
Based on the analysis of school data, identify and define areas in need of improvement:			Anticipated Barrier	Strategy	Fidelity Check Who and how will the fidelity be monitored?	Strategy Data Check How will the evaluation tool data be used to determine the effectiveness of strategy?	Student Evaluation Tool
1. Continuous Improvement Goal			1.1.	1.1.	1.1.	1.1.	1.1.
Continuous Improvement Goal #1: Accelerated Participation	2012 Current Level :*	2013 Expected Level :*	Limited number of students qualified for advanced course requirements.	Pre-qualify students for advanced courses with rigorous pre-requisite course work.	APC, Principal, Guidance will monitor student enrollment	Student class enrollment in AP, dual enrollment & certification exams	Student and parent survey and focus groups
Increase number of students participating in accelerated scoring classes 2%, increase student membership in dual enrollment offerings by 2% and increase number of students taking certification by 5%.	1.1: 1063 enrolled in AP	1.1: 1084 in AP	Publicity for dual enrollment & certification exams out of content area	Isolate data to identify students appropriate for advanced status during scheduling and identify appropriate staffing needs.	Business content area teachers will develop materials and publish testing dates.		
	1.2: 37% passing rate AP	1.2: 45% passing rate AP		Develop marketing materials (Rtv, website, twitter,etc.) to enhance parent and student awareness of additional areas of certification and dual enrollment opportunities.	Outreach sessions during open house to publicize requirements for dual enrollment.		
Goal #2: Accelerated Performance	1.3: 85% grad rate	1.3: 90% grad rate			Non business content teachers will identify potential certification candidates out of content		

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Increase student achievement on AP tests by 8%					classes	
Goal #3: Graduation & At-Risk Graduation Rate 90% of all students enrolled at PCHS will graduate in the 4 year or 5 year modified plan			1.2. Student placement inconsistent & inaccurate. Students are not adequately prepared for AP rigor. Student "sold" for wrong reasons (GPA boost)	1.2. Pre- qualify students with battery of exams. Place more emphasis on teacher recommendations (after teachers are appropriately trained on needed rigor for AP success) Teacher created benchmark testing to qualify for AP test at conclusion of year	1.2. Departments evaluate student performance on leading assessments prior to AP test. Create PLC to discuss requirements for AP and train teachers on requirements for success to give value to teacher recommendations.	1.2. Student enrollment and achievement on AP tests.
			1.3. High number of students with unexcused absences & out of school suspensions. Students do not perform well on standardized assessments. High number of students transferring to alternate program (GED, night school, alternative school)	1.3. Offer incentives to keep students in attendance, develop peer mentoring program, pyramid of interventions, publicize peer mediation. Offer FCAT tutoring during lunch, Saturday, etc. Target at risk students early to develop interventions.	1.3. Administration, Guidance, DPC, SRO, RTI	1.3. Regular maintenance of at-risk graduation students, absentees and discipline report.
Goal #4: Post-Secondary Readiness Increase student achievement and participation in national post-secondary exams by 2%	19 ACT Avg (2012) 19.4 ACT Avg. goal (2013)	Students not prepared. Many students take ACT/SAT for concordant for FCAT. Many parents and students view ACT as "just another test" PERT exam students were unaware of skills needed for success	Increase ACT/SAT prep opportunities. Senior meetings include ACT/SAT sign up Out reach for parents to understand impact of national exams Student & Teacher lead PERT training	Guidance, Administration, staff, students	Regular evaluation of student sign up and achievement of national exams	Survey students and parents about exam knowledge and information

			M.3.	M.3.	M.3.	M.3.	M.3.

NEW Science, Technology, Engineering, and Mathematics (STEM) Goal(s)

STEM Goal(s)	Problem-Solving Process to Increase Student Achievement				
Based on the analysis of school data, identify and define areas in need of improvement:	Anticipated Barrier	Strategy	Fidelity Check Who and how will the fidelity be monitored?	Strategy Data Check How will the evaluation tool data be used to determine the effectiveness of strategy?	Student Evaluation Tool
STEM Goal #1: Plant City High School will increase enrollment by 10% and STEM class offerings 1 class in 2013.	I.1. Parents are unaware of STEM offerings at PCHS	I.1. Include information at transition open house meetings with middle school students and parents during articulation	I.1. Guidance, STEM teacher, Administration will collaboratively develop informational materials for sharing	I.1. Measure increase ins student sign up during scheduling	I.1. Survey current students and poll future students
	I.2.	I.2.	I.2.	I.2.	I.2.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

	Teachers are not certified or trained in STEM classes	Evaluate teacher certification and suggest Professional development sessions	Evaluate STEM information, attendance and community feedback	Measure increase in student sign up during scheduling & courses offered	Survey current students and poll future students
	1.3.	1.3.	1.3.	1.3.	1.3.

STEM Professional Development

Professional Development (PD) aligned with Strategies through Professional Learning Community (PLC) or PD Activity						
Please note that each Strategy does not require a professional development or PLC activity.						
PD Content /Topic and/or PLC Focus	Grade Level/Subject	PD Facilitator and/or PLC Leader	PD Participants (e.g., PLC, subject, grade level, or school-wide)	Target Dates and Schedules (e.g., Early Release) and Schedules (e.g., frequency of meetings)	Strategy for Follow-up/Monitoring	Person or Position Responsible for Monitoring

End of STEM Goal(s)

NEW Career and Technical Education (CTE) Goal(s)

CTE Goal(s)	Problem-Solving Process to Increase Student Achievement				
	Anticipated Barrier	Strategy	Fidelity Check Who and how will the fidelity be monitored?	Strategy Data Check How will the evaluation tool data be used to determine the effectiveness of strategy?	Student Evaluation Tool
<p>Based on the analysis of school data, identify and define areas in need of improvement:</p> <p><u>CTE Goal #1:</u> The CTE department will strive to increase the reading capabilities of our students, thereby promoting their ability to become industry certified and career ready</p>	<p>1.1. Students won't want to read a textbook.</p>	<p>1.1. Students will read text books/manuals for 20-30 minutes per week</p>	<p>1.1. Teachers will make a tally sheet of when this was done to be turned into the department head monthly</p>	<p>1.1. Periodic student assessment</p>	<p>1.1. Students keep a log of reading time</p>

2012-2013 School Improvement Plan (SIP)-Form SIP-1

	1.2. Certification doesn't pertain to their desired career	1.2. Students will participate in industry certification programs	1.2. Teachers will make a tally sheet of when this was done to be turned into the department head monthly	1.2. Industry certification	1.2.
	1.3. Students will think content boring	1.3. Student will utilize FCAT reading passages.	1.3. Teachers will make a tally sheet of when this was done to be turned into the department head monthly	1.3. FCAT practice tests	1.3.

CTE Professional Development

Professional Development (PD) aligned with Strategies through Professional Learning Community (PLC) or PD Activity						
Please note that each Strategy does not require a professional development or PLC activity.						
PD Content /Topic and/or PLC Focus	Grade Level/Subject	PD Facilitator and/or PLC Leader	PD Participants (e.g. , PLC, subject, grade level, or school-wide)	Target Dates and Schedules (e.g. , Early Release) and Schedules (e.g., frequency of meetings)	Strategy for Follow-up/Monitoring	Person or Position Responsible for Monitoring
Reading	9-12 CTE	CTE teachers	First Mondays of each month	Have additional meetings as needed	Lauren Der	
Industry Certification	9-12 CTE	CTE teachers	First Mondays of each month	Have additional meetings as needed	Lauren Der	
FFA/ROTC	9-12 CTE	Ag and ROTC teachers	First Tuesday of each month	Have additional meetings as needed	Lauren Der	

End of CTE Goal(s)

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Differentiated Accountability

School-level Differentiated Accountability (DA) Compliance

Please choose the school's DA Status. (To activate the checkbox: 1. double click the desired box; 2. when the menu pops up, select "checked" under "Default Value" header; 3. Select "OK", this will place an "x" in the box.)

School Differentiated Accountability Status		
<input type="checkbox"/> Priority	<input type="checkbox"/> Focus	<input type="checkbox"/> Prevent

- *Once the state has provided information, directions for how to upload the checklist will be posted on the School Improvement Icon.*

School Advisory Council (SAC)

SAC Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting "Yes" or "No" below.

Yes No

If No, describe the measures being taken to comply with SAC requirements.

Describe the use of SAC funds.			
Name and Number of Strategy from the School Improvement Plan	Description of Resources that improves student achievement or student engagement	Projected Amount	Final Amount
Reading Goal 1.2	Ebooks for Nooks through Barnes and Nobles	480	
Reading Goal 1.2	Walmart Gift cards for Reading Counts Celebration for all students	200	
	SAC Chair pay	750	
Reading Goal 1.2	Headphones and cd players for reading classes from Walmart	1,200	
Continuous Improvement Goals 1.2	Headphones from AVID for AP Spanish classes	540	
Reading Goal 1.2	Science books from Barnes and Nobles	725	
Continuous Improvement Goals 1.1	Camera to take pictures of students for their SAT and ACT applications	140	
Career and Tech. goal #1	AVID trip to UP on bus (Anywhere Tours)	995	
Cont. Improvement 1	French dictionaries through Carlex	121	
Reading Goal 1.2	Scrabble games and dictionaries through walmart	281.46	
Reading Goal 1.2	Reading Count Celebration gift cards and food from Walmart	733.88	
Reading Goal 1.2	Books through Barnes and Noble for basketball team	283.20
