***Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)***

**School-Based MTSS/RtI Team**

Identify the school-based MTSS Leadership Team.

MTSS is an extension of the school's Leadership Team, strategically integrated in order to support the administration through a process of problem solving as issues and concerns arise through an ongoing, systematic examination of available data with the goal of impacting student achievement, school safety, school culture, literacy, attendance, student social/emotional well-being, and prevention of student failure through early intervention.

Suggested Members include:

- Administrators
- RTI:B Team Liaison
- School Counselor
- School Psychologist
- School-Based ESE Specialist
- District RTI Specialist

Elementary

- K-2 Representative
- 3-5 Representative

Secondary

- Teacher Representatives

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The purpose of the Core PST is to review school wide data for the purpose of strengthening the Core learning environment.

Activities of the Core PST include:

- Determining school-wide learning and development areas in need of improvement
- Identifying barriers which have or could prohibit school from meeting improvement goals
- Developing action plans to meet school improvement goals (e.g., SIP)
- Identifying resources to implement plans
- Monitoring fidelity and effectiveness of core, tiered support & ESE instruction
- Managing and coordinating efforts between all school teams

**2012-2013 School Improvement Plan (SIP)-Form SIP-1**

- Supporting the problem solving efforts of other school teams

<b><u>RtI Core PST Chair</u></b>	<ul style="list-style-type: none"> <li>• Schedules and prepares agenda for Core PST meetings three to four times a school year</li> <li>• Sends invitations and meeting agenda to all members and/or invitees</li> <li>• Confirms that personnel responsible for presentations are prepared prior to the meeting</li> <li>• Facilitates collegial conversation and consensus building while using the <i>data driven “problem-solving”</i> model.</li> <li>• Keeps conversation on task and focused</li> </ul>
<b><u>Data Keeper</u></b>	<ul style="list-style-type: none"> <li>• Provides school-wide data in specialty area for all members to view</li> <li>• Communicates curriculum, program, procedural or policy concern</li> <li>• Initiates discussion of the interpretation of the data</li> </ul>
<b><u>Time Keeper</u></b>	<ul style="list-style-type: none"> <li>• Provides periodic updates to team member regarding the amount of time left to complete a given task</li> </ul>
<b><u>Recorder</u></b>	<ul style="list-style-type: none"> <li>• Responsible for taking notes for the purpose of capturing important discussions and outcomes of meetings</li> <li>• Forwards minutes of the meeting, including attendee names, to each member of the Core Team and building principal for approval</li> <li>• Following administrative approval and when appropriate, shares minutes with the school staff</li> </ul>

***Various School Teams***

Each school has a variety of teams (Grade levels, SLC’s, Departments, Team leaders, Department Chairs, cross-curricular teams, role-alike teams, etc.). These teams meet weekly or monthly depending on the school’s schedule. All teams work together within their respective groups to solve Tier 1 (core) problems as identified within the team. At the point in which a team is in need of further support, a representative from the team requesting assistance will present the evidence/data they have collected to a member of the PST.

***Group PST***

***Elementary***

Meetings at this level include members of the Core PST meeting with grade level teams to review data, finalize identification of intervention groups, and/or review response of students receiving interventions. Teachers alone should not be making identification and intervention placement decisions. Decisions such as these must be made with PST members.

***Middle***

Meetings at this level include members of the Core PST meeting with grade level and/or various school teams to review data, finalize identification of intervention groups, and/or review response of students receiving interventions. Teachers alone should not be making identification and intervention placement decisions. Decisions such as these must be made with PST members.

***Individual PST***

Individual PST meetings occur upon a student being identified as needing more intensive Tier 3 intervention, a parent request, or for severe behavioral/academic needs whereas immediate action must take place in order to maintain safety or meet the Free and Appropriate Public Education requirements (FAPE).
