Teacher Mentoring Program

Please describe the school's teacher mentoring program by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee Assigned	Rationale for Pairing	Planned Mentoring Activities
Joanna Porro	Kindergarten and First Grade Teachers	Ms. Porro is paired with the Kindergarten and First Grade teachers because she has extensive knowledge in the core subject areas. Her students show significant gains in their FAIR Assessment scores.	The mentor and mentees are meeting weekly to discuss monthly best practices and evidence-based strategies for each domain. Time is given for the feedback, coaching and planning.
Vanessa Goolsby	Second Grade Teachers	Ms. Goolsby is paired with the Second Grade teachers because her students have shown improvement by scoring at high performance levels on the SAT's in the areas of Reading and Mathematics.	The mentor and mentees are meeting weekly to discuss monthly best practices and evidence-based strategies for each domain. Time is given for the feedback, coaching and planning.
Danielle Corrales	Third Grade Teachers	Ms. Corrales is paired with the Third Grade teachers because she has extensive knowledge in the core subject areas. Her students show improvement by scoring at high performance levels on the FCAT, FAIR and Interim Assessments.	The mentor and mentees are meeting weekly to discuss monthly best practices and evidence-based strategies for each domain. Time is given for the feedback, coaching and planning.
Madeline Piedra	Fourth Grade Teachers	Ms. Piedra is paired with the Fourth Grade teachers because her students have made significant learning gains in the areas of Reading, Writing and Mathematics state and district assessments.	The mentor and mentees are meeting weekly to discuss monthly best practices and evidence-based strategies for each domain. Time is given for the feedback, coaching and planning.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Melissa Sabatier	Fifth Grade Teachers	Ms. Sabatier is paired with the Fifth Grade teachers because she has shown great knowledge in the areas of Science and Mathematics. She is also the school’s Math and Science liaison. In addition, she incorporates weekly scientific investigations and integrates it within the core curriculum program.	The mentor and mentees are meeting weekly to discuss monthly best practices and evidence-based strategies for each domain. Time is given for the feedback, coaching and planning.

Additional Requirements

Coordination and Integration-Title I Schools Only

Please describe how federal, state, and local services and programs will be coordinated and integrated in the school. Include other Title programs, Migrant and Homeless, Supplemental Academic Instruction funds, as well as violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education, and/or job training, as applicable.

<p>Title I, Part A Services are provided to ensure students requiring additional remediation are assisted through extended learning opportunities (after-school tutoring programs, Saturday Academy or summer school). The district coordinates with Title II and Title III in ensuring staff development needs are provided. Support services are provided to the schools, students, and families. School based, Title I funded Community Involvement Specialists (CIS), serve as bridge between the home and school through home visits, telephone calls, school site and community parenting activities. The CIS schedules meetings and activities, encourage parents to support their child's education, provide materials, and encourage parental participation in the decision making processes at the school site. Administrative team develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered “at risk;” assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Parents participate in the design of their school’s Parent Involvement Plan (PIP), the school improvement process and the life of the school and the annual Title I Annual Parent Meeting at the beginning of the school year. The annual M-DCPS Title I Parent/Family Involvement Survey is intended to be used toward the end of the school year to measure the parent program over the course of the year and to facilitate an evaluation of the parent involvement program to inform planning for the following year. An all out effort is made to inform parents of the importance of this survey via CIS, Title I and Board meetings, Newsletters for Parents, and Title I Quarterly Parent Bulletins. This survey, available in English and Spanish will be available online and via hard copy for parents to complete. Other components that are integrated into the school-wide program include an extensive Supplemental Educational Services; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students.</p>
<p>Title I, Part C- Migrant Migrant Liaison provides services and support to students and parents. The liaison coordinates with Title I and other programs to ensure student needs are met. There are no Migrant students at Excelsior Language Academy of Hialeah.</p>

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Parental

Involve parents in the planning and implementation of the Title I Program and extend an open invitation to our school's parent resource center or parent area in order to inform parents regarding available programs, their rights under No Child Left Behind and other referral services. Increase parental engagement/involvement through developing (with on-going parental input) our school's Title I School-Parent Compact; our school's Title I Parental Involvement Plan; scheduling the Title I Annual Meeting; and other documents/activities necessary in order to comply with dissemination and reporting requirements. Conduct informal parent surveys to determine specific needs of our parents, and schedule workshops, Parent Academy Courses, etc., with flexible times to accommodate our parents' schedules. This impacts our goal to empower parents and build their capacity for involvement. Complete Title I Administration Parental Involvement Monthly School Reports (FM-6914 Rev. 06-08) and the Title I Parental Involvement Monthly Activities Report (FM-6913 03-07), and submit to Title I Administration by the 5th of each month as documentation of compliance with NCLB Section 1118. Additionally, the M-DCPS Title I Parent/Family Survey, distributed to schools by Title I Administration, is to be completed by parents/families annually in May. The Survey's results are to be used to assist with revising our Title I parental documents for the approaching school year.

Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

School-Based MTSS/RtI Team

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Identify the school-based MTSS Leadership Team.

Principal: Provides a common vision for the use of data-based decision making, ensures that the school-based team is implementing MTSS/RtI, conducts assessment of MTSS/RtI skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support MTSS/RtI implementation, and communicates with parents regarding school-based MTSS/RtI plans and activities.

Lead Teachers: Develop, lead, and evaluates school core content standards/ programs; identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identifies systematic patterns of student need to identify appropriate, evidence-based intervention strategies; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Select General Education Teachers: Grade Level Chairpersons provide information about core instruction to corresponding grade level teachers, participates in student data collection for the school, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities. The above mentioned team members were selected based on their knowledge and commitment to the core subject areas in which they teach. In addition, they have attended professional development workshops and shared the fundamental material learned within their grade groups.

Technology Specialist: Develops or brokers technology necessary to manage and display data; provides professional development and technical support to teachers and staff regarding data management and display.

Exceptional Student Education (ESE) Teacher: the SPED coordinator for Excelsior Language Academy participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as bi-weekly lesson planning and consultations to review accommodations on the students' IEP.

Speech Language Pathologist: Educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language skills.

Student Services Personnel: Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, school social workers continue to link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral, and social success.

The school's Leadership Team will include additional personnel as resources to the team, based on specific problems or concerns as warranted, such as: special education personnel, advisory group members, and community stakeholders.

MTSS/RtI is a general education initiative in which the levels of support (resources) are allocated in direct proportion to student needs. MTSS/RtI uses increasingly more intense instruction and interventions.

- The first level of support is the **core** instructional and behavioral methodologies, practices, and supports designed for **all** students in the general curriculum.
- The second level of support consists of **supplemental** instruction and interventions that are provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support.
- The third level of support consists of **intensive** instructional and/or behavioral interventions provided in addition to and in alignment with effective core instruction and the supplemental instruction and interventions with the goal of increasing an individual student's rate of progress academically and/or behaviorally.

August 2012

Rule 6A-1.099811

Revised April 29, 2011

2012-2013 School Improvement Plan (SIP)-Form SIP-1

There will be an ongoing evaluation method established for services at each tier to monitor the effectiveness of meeting school goals and student growth as measured by benchmark and progress monitoring data.

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The functions of the MTSS/RtI team are the following: evaluate the progress of the school's goals by monitoring academic data, provide and assess instruction, provide feedback on instructional intervention, administer enrichment opportunities, arrange teacher requested workshop. The following steps will be considered by the school's Leadership Team to address how we can utilize the MTSS/RtI process to enhance data collection, data analysis, problem solving, differentiated assistance, and progress monitoring.

The Leadership Team will:

1. Monitor academic and behavior data evaluating progress by addressing the following important questions:

- What will all students learn? (curriculum based on standards)
- How will we determine if the students have learned? (common assessments)
- How will we respond when students have not learned? (Response to Intervention problem solving process and monitoring progress of interventions)
- How will we respond when students have learned or already know? (enrichment opportunities)

2. Gather and analyze data to determine professional development for faculty as indicated by student intervention and achievement needs.

3. Hold weekly and monthly team meetings. Utilize the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success.

4. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each OPM

5. Maintain communication with staff for input and feedback, as well as updating the mon procedures and progress.

6. Support a process and structure within the school to design, implement, and evaluate both daily instruction and specific interventions.

7. Provide clear indicators of student need and student progress, assisting in examining the validity and effectiveness of program delivery.

8. Assist with monitoring and responding to the needs of subgroups within the expectations for adequate yearly progress.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

The MTSS/RtI Team will assure the successful implementation of the Goals set in the SIP by: analyzing and gathering data to monitor and adjust the school's academic success, assess delivery of instruction, support intervention programs geared towards student's individual needs. The MTSS/RtI team will monitor the fidelity of the delivery of instruction and intervention. The Leadership Team will provide levels of support and interventions to students based on data and consider data at the end of the year for Tier 1 problem solving.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

1. Data will be used to guide instructional decisions and system procedures for all students to:

- adjust the delivery of curriculum and instruction to meet the specific needs of students
- adjust the delivery of behavior management system
- adjust the allocation of school-based resources
- drive decisions regarding targeted professional development
- create student growth trajectories in order to identify and develop interventions

2. Managed data will include:

Academic

- FAIR assessment (Broad Screening, Progress Monitoring, Targeted Diagnostic Indicators, Broad Diagnostic Indicators, Ongoing Progress Monitoring Tools, Phonics Screening Inventory)
- Oral Reading Fluency Measures
- Voyager Checkpoints
- Voyager Benchmark Assessments
- Baseline Benchmark Assessments
- Interim assessments
- State/Local Math and Science assessments
- FCAT
- Student grades
- School site specific assessments

Behavior

- Student Case Management System
- Detentions
- Suspensions/expulsions
- Referrals by student behavior, staff behavior, and administrative context
- Office referrals per day per month
- Team climate surveys
- Attendance
- Referrals to special education programs

August 2012

Rule 6A-1.099811

Revised April 29, 2011

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Describe the plan to train staff on MTSS.

Professional development and support will include training for all of the MTSS/RtI Leadership team in the MTSS/RtI problem solving and data analysis process and provide support for school staff to understand basic MTSS/RtI principles and procedures. In addition, the MTSS/RTI Leadership team will provide professional development through best practices during common teacher planning times, weekly grade level meetings, and monthly faculty meetings. Furthermore, teachers will be provided with added professional development to correspond with the subject area being taught.

Describe plan to support MTSS.

The MTSS/RtI Leadership team will support staff by ensuring that each teacher complete the Introduction to Problem Solving and Response to Intervention Course in order to indicate in depth knowledge of the Multi-Tiered Problem Solving Process. Ongoing support will include the MTSS/RtI Leadership Team to meet with teachers on a monthly basis to review Tiers and student progress as well as performance data.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

The Literacy Leadership Team (LLT) consists of Brenda Cruz, Principal, Elizabeth Poveda, Assistant Principal, and Patricia Tellechea, Lead Teacher.

The Literacy Leadership Team will provide professional development through best practices during common teacher planning times, weekly grade level meetings, and monthly faculty meetings. For instance, the LLT will support and provide ongoing professional development to teachers on the major reading components based on student performance data, administration and data interpretation of instructional assessments, and differentiated instruction techniques.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

The purpose of the LLT is to generate instructional tools and interventions to gain reading knowledge within the school. In order to increase student's knowledge in this area the main focus is to build literacy skills in all content areas throughout the school.

Grade Level/Department Chairs: Provides guidance on elementary and middle grade reading plans; facilitates and supports data collection activities; assists in data analysis; provides professional development and technical assistance to teachers regarding data based instructional planning; and supports the implementation of intervention plans.

Principal: Brenda Cruz will promote the LLT as an integral part of the school literacy reform to promote a culture of reading by offering professional growth opportunities for team members, create a collaborative environment that fosters sharing and learning of ideas, developing a school wide organizational model that supports literacy instruction in all classes, and encourage the use of data to improve teaching and student achievement.

Assistant Principal and Lead Teacher: Elizabeth Poveda and Patricia Tellechea identify systematic patterns of student needs while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assists in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring.

The Literacy Leadership Team will meet on a monthly basis to discuss the implementation of the different intervention plans that were placed throughout the school year. During these meetings the LLT will also evaluate and modify areas that are stagnant in order to improve the intervention plans to benefit the needs students.

What will be the major initiatives of the LLT this year?

The initiative for the LLT this year is to model effective instructional strategies for teachers, facilitate study groups, train teachers in interpreting data charts, meet with teachers to ensure that research based reading programs and strategies are implemented. In addition, the LLT will help to increase instructional density to meet the needs of all students, increase teachers' knowledge base in best practices in reading instruction and intervention strategies.

***Elementary Title I Schools Only: Pre-School Transition**

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

All students entering Excelsior Language Academy of Hialeah's kindergarten program will be evaluated several ways. Students will be administered an OLPS to determine ESOL placement. Florida Kindergarten Readiness Screener (FLKRS) will be utilized to assess the readiness of each child for kindergarten. It will be administered during the first 30 school days of each school year. Early Childhood Observation System (ECHOS) is designed to guide effective instruction and appropriate intervention to prepare a child to succeed in school. ECHOS is a whole child-oriented measure based on national standards for seven domains: Language and Literacy, Mathematics, Social and Personal Skills, Science, Social Studies, Physical Development and Fitness, and Creative Arts. In addition, the Comprehensive English Language Learning Assessment (CELLA) is used to measure the growth of students classified as English Language Learners (ELL) in mastering the skills in English they will need to succeed in school. Furthermore, incoming Kindergarten students will be assessed in the areas of social/emotional development. A questionnaire will be sent home to parents to complete by the third week of school. The questionnaire result will provide useful information regarding student's need for instruction/intervention regarding behavior, self-regulation, self-concept, and self-efficacy.

Screening data will be gathered and aggregated prior to September 9th, 2012. Data will be utilized to plan daily academic and social/emotion instruction for groups of students or individual students who may need intervention beyond core instructions. Social instruction will be modeled throughout the day by the instructor. Moreover, the teacher will spend 20 minutes per day educating students on the fundamentals of social norms.

The instructional intervention program will be assessed by administering a screening tool in mid year and during the last semester of the school year. Data from the assessment will be used to determine positive and negative factors in the program.

****Grades 6-12 Only*** Sec. 1003.413 (b) F.S

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

Grade 6-8 content area teachers will be provided with workshops on how to incorporate reading strategies into the content area instruction. Trainings will include CRISS strategies. The administrative team, including the Lead Teachers and Department Heads, will ensure that lessons are being conducted properly through the evidence of lesson plans and walk-thurs/observations.

<p>In order to increase student performance Reporting Category 2- Reading Application teachers will incorporate reading strategies that assist students to: Utilize grade-level appropriate texts that include identifiable author’s purpose for writing, including informing, telling a story, conveying a particular mood, entertaining or explaining. Students will be provided practice in making inferences and drawing conclusions within and across texts. Students will be able to identify a correct summary statement. Students should focus on what the author thinks and feels. Students should be able to identify causal relationships imbedded in text. Students must be familiar with text structures such as cause/effect, compare/contrast, and chronological order. Provide practice in identifying topics and themes within and across texts.</p> <p>In addition, in order to increase student performance on Reporting Category 4- Informational Text/Research Process teachers will incorporate reading strategies that assist students to: Use how-to articles, brochures, fliers and other real-world documents to identify text features (subtitles, headings, charts, graphs, diagrams, etc) and to locate, interpret and organize information. Help students recognize the characteristics of reliable and valid information. Use supporting facts within and across texts.</p>	<p>Voyager Kits</p>	<p>Title I</p>	<p>\$3000.00</p>

<p>1. Students scoring proficient in Listening/Speaking.</p>	<p>1.1. According to the results of the 2012 CELLA Test, students lack Listening/Speaking Skills such as the ability to paraphrase what they have read, as well as putting vocabulary words and concepts into their own words without leaving out essential information.</p>	<p>1.1. Teachers will provide Listening and Speaking Strategies for ELL subgroups in order to provide ongoing support.</p> <p>The following Listening Strategies will be utilized for ELL Subgroups: Modeling, Teacher Led Groups, Using illustrations/diagrams, using simple and direct language and using substitution, expansion, paraphrase and repetition.</p> <p>The following Speaking Strategies will be utilized for ELL Subgroups: Brainstorming, Cooperative Learning, Repetition, Role Play, Teacher-Led groups, Teacher-Student Modeling and Think Alouds.</p>	<p>1.1. Leadership Team MTSS/RtI Team ESOL Liaison</p>	<p>1.1. ESOL Liaison along with Administration will monitor ELL subgroups frequently in order to provide ongoing intervention services.</p> <p>ESOL Liaison will ensure that teachers have the appropriate ESOL Strategies to include in Lesson Plans and ESOL Levels in the gradebook.</p> <p>Administration will ensure to provide Professional Development to monitor ELL student's progress through differentiated instruction activities.</p>	<p>1.1. <u>Formative:</u> Baseline Assessments Interim Assessments FCAT Test Maker Classroom Walkthroughs <u>Summative:</u> 2013 CELLA</p>

<p>2. Students scoring proficient in Reading.</p>	<p>2.1. As noted on the 2012 CELLA Test the lowest category of performance was in Reading. Students lack the Reading Comprehension skills needed to perform at grade level due to their language barrier.</p>	<p>2.1. Teachers will provide Listening and Speaking Strategies in order to increase Reading Comprehension for students in ELL. The teacher will focus on Using Simple, Direct Language within the Listening Strategy by: restating complex sentences as a sequence of simple sentences; explaining the use of idiomatic expressions; restate at a slower rate when needed and pause often to allow students to process what they hear. The teacher will focus on Think Aloud within the Speaking Strategy by slowing down the reading process and letting students get a good look at how skilled readers construct meaning from a text.</p>	<p>2.1. Leadership Team MTSS/RtI Team ESOL Liaison</p>	<p>2.1. ELL students' progress will be monitored frequently through bi-weekly benchmark assessments. The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting “Yes” or “No” below.

Yes No

If No, describe the measures being taken to comply with SAC requirements.

Describe the activities of the SAC for the upcoming school year.

The SAC at Excelsior Language Academy of Hialeah is the sole body responsible for final decision making of the school. School Climate Survey and Assessment Data were reviewed to determine school needs for the 2012-2013 school year. In the beginning of the school year, the SIP will be reviewed and revisions will be made based on the recommendations from the SAC members. In June and September, the SIP will be sent to the district School Board for approval and implementation will begin in August 2012. The SIP will be monitored during the entire school year. The SAC reviews the SIP on a quarterly basis and makes necessary adjustments.
