Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

School-Based MTSS/RtI Team

Identify the school-based RtI Leadership Team.

Principal (F. Joe Pons) and Assistant Principal (Michael McDaniel and Jameeka Wallace): Provide a common vision for the use of data-based decision-making, ensure that the school-based team is implementing RtI, conduct assessment of RtI skills of school staff, ensure implementation of intervention support and documentation, ensure adequate professional development to support RtI implementation, and communicate with parents regarding school-based RtI plans and activities.

All teaching staff: Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers (Julie Strickland, and additional ESE teaching staff, as appropriate): Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching.

Instructional Coach/Academic and Behavioral Specialists (Michael McDaniel- Assistant Principal Curriculum, Julie Lawson- Reading Coach, Maxin Reiss- Behavior Analyst, Larry Jennings – Student Case Specialist): Develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk"; assist in the design and implementation of progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring.

Reading Instructional Specialist (Julie Lawson- Reading Coach): Provides guidance on K-12 reading plan; facilitates and supports data collection activities, assists in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional planning; supports the implementation of Tier 1, Tier 2, and Tier 3 intervention plans.

School Psychologist (Lauren Wukovits): Participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities, including data collection, data analysis, intervention planning, and program evaluation; facilitates data-based decision-making activities.

Speech Language Pathologist (Robin Cave): Educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measure; and helps identify systemic patterns of student need with respect to language skills.

Student Services Personnel (Ruth Boykin – Social Worker, Susan Griggs – Guidance Counselor, Margot Palazes – Program Specialist): Provide quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, these participants link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral, and

DRAFT

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

At a minimum, the Success Academy RtI team meets the second and fourth Monday of each month. The RtI Team follows a structured problem-solving process that makes the most efficient use of time to achieve the goal of developing effective student intervention plans. The RtI Team problem-solving process is implemented when a SA teacher(s) completes the SA RtI Form. When the RtI Team receives this completed form, it schedules an initial meeting with the referring teacher. Prior to the initial meeting, the case manager meets with the referring teacher to review the referral form, answer any questions that the grade level team may have about the RtI Team process, and decide what background and baseline information should be collected before the meeting.

The SA RtI Team will focus meetings around one question: How do we develop and maintain a problem-solving system to bring out the best in our school, our teachers, and in our students? At the start of the initial RtI Team meeting, the facilitator explains to the referring grade level team the purpose and structure of the problem-solving meeting. The RtI Team meeting then conducts a general review of the referring teacher(s) concerns. The team and teacher(s) quickly narrow down those concerns to a manageable number, set goals for student improvement, create intervention plans matched to concerns, and identify methods for monitoring the student's response to the intervention strategies. The goal of the initial meeting is to develop a detailed intervention plan that the instructional team can implement. A follow-up meeting is scheduled (typically within six to eight weeks of the initial meeting), at which time the team will reconvene with the teacher(s) to determine whether the intervention plan was successful or needs to be modified or replaced.

Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP?

Members of the SA RtI team met with the SA School Advisory Council (SAC) to help develop the School Improvement Plan (SIP). The SA SIP is a guiding force within the RtI as interventions are sought to meet individual student needs.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Individual, classroom and school level. It includes antecedent and context information that will assist with functional assessments for planned intervention development. In addition to Educator's Handbook, the RtI team manages graphs and charts to illustrate the effectiveness of tiered intervention strategies. Data management systems (both academic and behavioral) are utilized during each RtI meeting.

Baseline data: Progress Monitoring and Reporting Network (PMRN), Educator's Handbook, DataDirector, SM5 and Florida Comprehensive Assessment Tests (FCAT)

Progress Monitoring: PMRN, Educator's Handbook, FAIR (Florida Assessment for Instruction in Reading), DataDirector, vSchoolz, SM5 and PLATO Learning Systems.

Describe the plan to train staff on MTSS.

Initial professional development will take place during the RtI Open House for SA staff and teachers, which is held during the first weeks of the new school year. The purpose and process of response to intervention is presented and discussed. The RtI team will also evaluate additional staff professional development needs during the monthly RtI team meetings.

Describe the plan to support MTSS.

Initial professional development will take place during the RtI Open House for SA staff and teachers, which is held during the first weeks of the new school year with ongoing monthly trainings. The purpose and process of response to intervention is presented and discussed. Training and support is available throughout the school year as needed. The RtI team will also evaluate additional staff professional development needs during the monthly RtI team meetings.

| Describe how the school-based LLT functions (e.g., meeting processes and roles/functions). The SA LLT meets each nine-week period, or more if needed, and is a collaborative system that encourages a literate climate to support effective teaching and learning at SA. The SA LLT supports the development, implementation, and monitoring of the Leon County Schools Reading Plan and the SA Literacy Initiatives/SA Literacy Goals. The SA LLT facilitates professional learning opportunities to improve literacy achievement in all instructional classrooms, gathers, analyzes, and interprets school data, establishes goals based on data, develops strategies to achieve the goals, establishes measures of success, supports teachers in implementing the literacy strategies, and ensures literacy remains a priority at SA. |

***Grades 6-12 Only** Sec. 1003.413 (2)(b) F.S

For schools with grades 6-12, how does the school ensure that every teacher contributes to the reading improvement of every student?

SA teachers and administrative staff meet weekly through Professional Learning Community meetings (every Tuesday), SA Faculty Meetings (every Thursday), and grade level/course meetings. Specific strategy instruction is on-going at SA and takes place in PLC, Faculty, and various grade/course team meetings. Reading strategy instruction is also part of every teacher's Individual Professional Development Plan (IPDP).

**High Schools Only*

Note: Required for High School-Sec. 1003.413(2)(g), (2)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

Teachers meet weekly to discuss the integration of various course lessons/units. Literacy, writing, and problem solving strategies are incorporated into all curriculum areas.

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

Students are placed in individual courses based on student data and student needs. The guidance department reviews course offerings and meets with 8th grade students to discuss High School course options.

Postsecondary Transition
