Effective and Highly Effective Teachers

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

Description of Strategy	Person Responsible	Projected Completion Date
1. Regular meetings of new teachers with Principal	Principal	ongoing
2. Partnering new teachers with veteran staff (to include committee assignments)	Principal, Assistant Principal, Mentor Teachers	ongoing
3. Extensive use of college practicum students and interns and volunteers from several Universities	Assistant Principal	ongoing
4. Soliciting referrals from current employees and district staff	Principal	ongoing

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and who received less than an effective rating (instructional staff only).

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).	Provide the strategies that are being implemented to support the staff in becoming highly effective
There are 0 instructional staff and paraprofessionals that are teaching out of field and/or who received less than an effective rating (instructional staff only)	N/A

Staff Demographics

Please complete the following demographic information about the instructional staff in the school.

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

DRAFT

2012-2013 School Improvement Plan (SIP)-Form SIP-1

School-Based MTSS/RtI Team

Identify the school-based MTSS leadership team.

The RtI Leadership is composed of the Guidance Counselor, ESE Program/Staffing Specialist, School Psychologist, School Social Worker and Administrator. The classroom teacher and other support staff that serves the student also attends the meeting to include when needed the Behavior Analyst

Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The school based RtI Leadership Team meets at least monthly and more frequently when needed. They work with the teacher(s) to identify strategies and interventions and get involved in implementation of strategies when needed.

Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP?

The RtI Leadership Team helps implement the identified school wide strategies to help students be successful in school especially when their expertise is needed for specific situations.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

All of our students are Tier 3 students in all areas. The teachers maintain progress monitoring tools to document data in each area. The PBS Team monitors the behavioral data and oversees the school wide implementation of school expectations and interventions.

Describe the plan to train staff on MTSS.

Monthly faculty meetings are used to provide ongoing training on RtI for students. The PBS Team shares data at faculty meetings regarding behavior and trends

Describe the plan to support MTSS.
Effective implementation of the MTSS.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

The Administrators and Guidance Counselor will support the efforts of the Intervention Assistance Team in meeting the needs of students

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

The school-based Literacy Leadership Team (LLT) is composed of the Principal, Assistant Principal, Reading Coach, and members from each department that serve on the curriculum committee.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

The LLT meets at least monthly to review school efforts in literacy and curriculum. They bring concerns from the faculty and are a problem solving committee that designs implementation plans based on best practices and the input received. This group reviews curriculum materials and resources and helps to put professional development plans in place. They recommend their plan to the SITE Team who approves the allocation of professional development funds and the purchase of materials.

What will be the major initiatives of the LLT this year?

Major activities of this group will be to organize the SSS Access Points into curriculum maps for teachers to utilize school wide. This group will also help to develop common scoring rubrics and appropriate tools to use for Progress Monitoring purposes. The LLT will also be instrumental in determining the staff development plans and the allocation of staff development resources.

Upload a copy of the SES Notification to Parents in the designated upload link on the "Upload" page.

2012-2013 School Improvement Plan (SIP)-Form SIP-1

**Elementary Title I Schools Only: Pre-School Transition*

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

The RtI Team meets mid-year (if not before) on every PreK student that will be transitioning to Kindergarten the following year to determine if there is a need for providing additional interventions or assessments to make sure the student has a successful transition. A meeting is held in the Spring with the PreK teacher, parents/guardians and the receiving school the student will be attending in the fall to review progress, present level of skills, and suggestions for continued interventions to help with the student's overall success. A passport to Kindergarten is developed and given to each family to help with a successful transition.

**Grades 6-12 Only* Sec. 1003.413 (2)(b) F.S

For schools with grades 6-12, how does the school ensure that every teacher contributes to the reading improvement of every student?

Every teacher is responsible for providing for an appropriate 90 minutes of direct reading instruction for their students each day. The reading strategies and progress that is being made is monitored through lesson plans, report cards, IEPs, and through the monthly Navigational meetings.

**High Schools Only*

Note: Required for High School-Sec. 1003.413(2)(g), (2)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

Students at age 14 (or sooner) begin developing Transition Plans through the IEP process with the input from them, parents/guardians, agencies, teachers and staff. Four or more areas of instruction are targeted on these plans from Post Secondary education/training, Vocational skills, Self Management and Daily Living skills and arrangements, and Community Access.

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

Rule 6A-1.099811
Revised April 29, 2011

2012-2013 School Improvement Plan (SIP)-Form SIP-1

Students at Gretchen Everhart School are placed in the Post Secondary Department one to two years prior to exiting the school system (generally at age 20-22 years). The teachers and staff in that department focus instruction on helping students prepare for their post secondary placement through collaboration with agencies, parents, caregivers, and adult placement options. Students have an opportunity for ongoing visits to their post secondary placement prior to graduation to help with their successful transition.

Postsecondary Transition

Note: Required for High School- Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#).

A 12 page "passport" (electronic and hard copy version) is developed for each student by teachers, staff, parents, caregivers, and the student to document strengths, weaknesses, likes, dislikes, interests, and best ways to communicate needs, wants, and displeasure. The Passport has been an excellent way for new people to acquaint themselves with our graduating students. 100% of the students that graduate from Gretchen Everhart School have an identified post secondary placement identified upon graduation. An exit conference is conducted for each student a month or two prior to their graduation to make sure appropriate plans are in place for the student.
